

IP65 SMD 120W Solar Light Street Lamp With Sensor

Our Product Introduction

for more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: China
- Brand Name: Yahua lighting
- Certification: CE ROHS IES
- Model Number: YHZ-SSL803
- Minimum Order Quantity: 10pcs
- Price: USD28-USD30.00
- Packaging Details: Foam+carton
- Delivery Time: 5-8 days
- Payment Terms: D/A, T/T, Western Union
- Supply Ability: 10000PCS one month

Product Specification

- Light Type: LED Solar Light
- Material: Industrial ABS
- Protection Level: IP65
- Application: Garden, Garden Square, Park, LANDSCAPE, Residential
- Mode: Time Control+motion Sensor+remote Control
- Led: LED 2835 Super Bright Led
- Highlight: **120W solar light street lamp with sensor, IP65 solar light street lamp**

Product Description

120W high bright SMD led solar light with remote control motion sensor

Advantages:

1. **ABS** anti-UV engineering plastic housing, high strength, good toughness, effective anti-rust;
2. High Efficiency monosilicon Solar Panel; Light time 12H a night, 2~3 rainy days;
3. Adopt **high-capacity Lithium iron phosphate battery**, the cycle usage of batteries up to 500 times;
4. Solar panel angle can be adjusted to increase solar conversion efficiency;**wider receive sunlight all year**;
5. Using **light control system**, turn on when dark, turn off when days
6. Easy installation: It only have a light head and solar panel, you just need to install it one the pole, it will work. No cable;
7. Optional: Remote Control

Product model		Sensor	Dawn out,dark 30% light,all light
Product material	ABS	Solar power	6V 10W 6V 16W
Light Sorce	SMD2835	Soalr Panel Size	420*210mm 525*230mm
Battery Power	3.2V 10AH 3.2V 15AH	Install Height	5-6m
Control system	Light sense + radar sense	Solar Panel Type	Polycrystalline Silicon

Feature&Advantages

The integrated solar LED street light is an intelligent outdoor lighting system that provides powerful lighting into an all-in-one compact package and is easy to install. During the day the highly efficient solar panel collects energy from the sun and stores that power in the advanced lithium battery. At night the powerful LED's automatically turn on providing ambient light for all to enjoy.

1. Solar powered outdoor lighting
2. Easy installation. No cable needed
2. Use lithium battery to prolong product lifetime and protect environment.
4. High efficiency Mono solar panel
5. Famous brand LED chip from EPISTAR and Bridgelux and
6. Light output can be adjusted automatically by a built-in infrared sensor
7. Modularity design. Easy assemble and maintenance
8. Compact volume and light weight design saves freight cost and installation cost
9. Rust-proof, dustproof and IP65 waterproof Safety and reliability.

Construction of new rural roads

Optical sense + radar induction + remote control

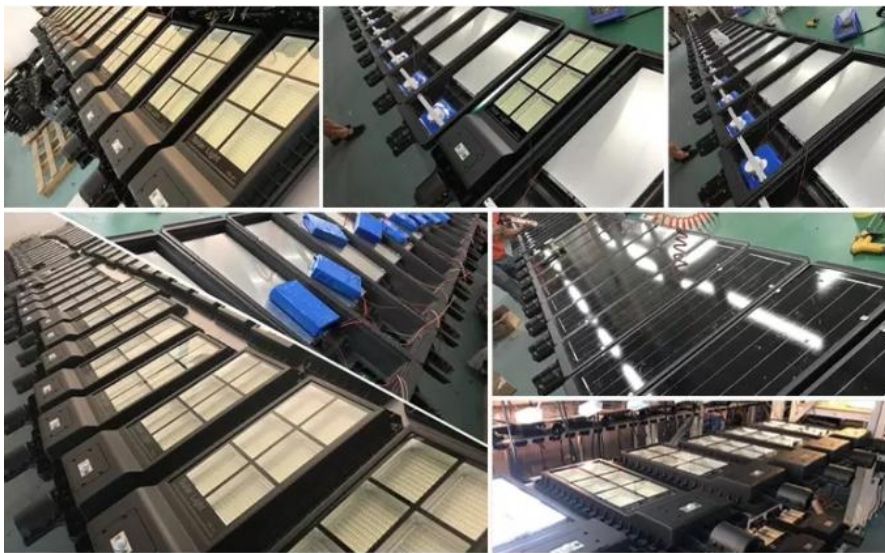

0 electricity

High brightness

Strong waterproof
