

High Lumen Industrial UFO LED Lamp Indoor 100 watt high bay led lights

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Yahua lighting
- Certification: CE ROHS
- Minimum Order Quantity: 1 piece
- Price: USD32-45.00/PC
- Packaging Details: Foam+Carton
- Delivery Time: 5-7days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000pcs

Product Specification

- Product Name: High Lumen 3years Warranty UFO Industrial Lamp Indoor 100W LED High Bay Light
- Material: Die-casting Aluminium PC Lens
- IP Grade: IP65 Waterproof
- LED Chip: SMD3030
- Warranty: 3 Years
- Power: 100W
- Highlight: 100 Watt UFO LED Lamp,
High Lumen UFO LED Lamp,
UFO 100 Watt High Bay Led Lights

Product Description

High lumen 3years warranty UFO industrial lamp indoor 100W LED high bay light

UFO high bay light uses high-precision fully automated equipment to form aluminum fin heat dissipation shell at one time, which has good heat dissipation effect. It uses multiple patch-type high-power, high-efficiency, high-CRI 3030 LED lamp beads, uniform light, and Taiwan Mingwei round power supply; There is a respirator, which can effectively prevent the fog from being generated due to the environmental temperature difference, and has good waterproof and dustproof performance. With long life and low light decay, it can be widely used in various harsh outdoor and indoor environments.

Product Description

CCT	3000k-6500k
Lumens	110-120lm/w
Material	Die-casting aluminum PC lens
IP Garde	IP65 waterproof
LED chip	SMD3030
Warranty	3 years

2021 new arrival led high bay light parameter with high quality

- v High efficiency Driver
- v Universal input voltage from AC85-265V
- v Voltage Leakage is less than 10V during operating
- v Own design AL housing&end cap with clip for easy replacement.
- v Extremely low maintenance(safety&cost aspect)
- v Durable structure&stable performance
- v Comparing to traditional Metal halide lamps can save energy 60%-70%.
- v No flash, No RF,No ultraviolet radiation
- v Aluminum heat sink,benefit to heat dissipation
- v CE/RoHS approval,Can fast start
- v Light distribution:LED+reflector cup for the second light distribution

UFO Led High Bay Light

Good color, to show a true color of things. All colors are optional, and can meet the needs of different environments, eliminating the traditional lamp color temperature is too high or low of depression caused by, so that the visual feel comfortable, improve the work efficiency of workers.

The Technical Description

The constant current constant voltage control for wide voltage (AC 90-305 V) to overcome the ballast to produce grid, noise pollution and light induced instability, avoid the work to bring eye irritation, fatigue

LED Chips

Using the Philips 3030 LED Chips, with high thermal conductivity, low luminous decay, pure light color, no heavy shade etc.

Design Of The Heat Sink

The unique heat sink fin design let the weight of UFO LED High Bay Light lighter; With the perfect combination of light source radiator, heat conduction and diffusion can be solved, thereby reducing the temperature of the lamp body, effectively ensuring the source and power of life.

Feature&Installation

Popular feature
