

High Lumen Outdoor LED Street Light 100w Ip65 Waterproof

Our Product Introduction

for more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: China
- Brand Name: Yahua lighting
- Certification: CE ROHS IES
- Model Number: YHZ-SLD-100W
- Minimum Order Quantity: 1pc
- Price: USD40.00-USD50.00/PC
- Packaging Details: Foam+Carton
- Delivery Time: 5-8 Days
- Payment Terms: L/C, D/A, D/P, Western Union, MoneyGram, T/T
- Supply Ability: 3000PCS

Product Specification

- Product Name: High Lumen Outdoor Led Street Light 100w Ip65 Waterproof Made In China
- Item Type: Outdoor Led Street Light 100W
- Working Lifetime(hour): 50000
- Working Temperature(°C): -20 - 60
- Lamp Body Material: Aluminum Alloy
- Lamp Luminous Flux(lm): 120lm/W
- Lamp Material: Aluminum Heat Sink+Optical Lens
- Highlight: **High Lumen Outdoor LED Street Light, 100w Outdoor LED Street Light, Ip65 100w led solar street light**

Product Description

High lumen outdoor led street light 100w ip65 waterproof made in China

Brief introduction

LED street lights refer to street lights made with LED light sources, which have unique advantages such as high efficiency, safety, energy saving, environmental protection, long life, and high color rendering index. Road lighting is closely related to people's production and life, and is of great significance to urban lighting energy saving. Road lighting is closely related to people's production and life.

Application:

LED street lights are mainly used for road lighting such as main roads, secondary roads, branch roads, factories, schools, gardens, urban squares, courtyards, etc.

Product parts:

The difference between LED street lights and conventional street lights is that the LED light source uses low-voltage DC power supply and is a high-efficiency white light synthesized by GaN-based power blue LED and yellow. It has high efficiency, safety, energy saving, environmental protection, long life, fast response speed, high color rendering index, etc. Unique advantages, can be widely used on roads. The outer cover can be made, the high temperature resistance can reach 135 degrees, and the low temperature resistance can reach -45 degrees.

Model	YHZ-SLD-100W
Power	100W
LED light	Bridgelux
Lamps material of main	aluminium alloy
Human body sensing	YES
Waterproof	IP65
Lumen	110-120lm/w
Viewing Angle	120°
Color temperature	3000k-3500k
	5000k-6000k
Work Temperature	charging:0°C~+60°C
	discharging:-20°C~+60°C
	Storage:0°C~+45°C
Working voltage	AC85-265V
Certificate	CE / ROHS/IP65
Warranty	3-5years

Product description:

1. Easy to install: No need to add buried cables, no rectifiers, etc., directly connect to the lamp pole or nest the light source into the original lamp housing.
2. Reliable quality: All circuit power supplies use high-quality components, and each LED has individual overcurrent protection, so there is no need to worry about damage.
3. Long lifespan: It can be used for more than 50,000 hours and provides three-year quality assurance.
4. LED does not contain harmful metal mercury, and will not cause harm to the environment when it is scrapped
