

2500-3500K Outdoor Solar Led Lawn Light Waterproof Ip65 Solar Garden Lights

Our Product Introduction

for more products please visit us on solarledstreet-light.com

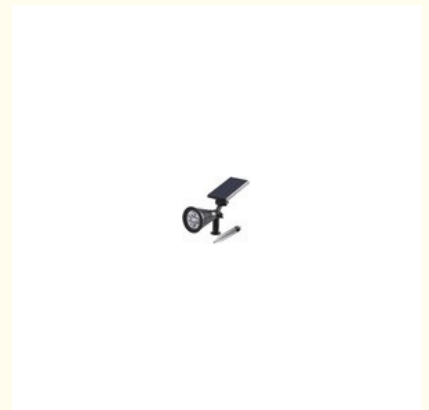

Basic Information

- Place of Origin: China
- Brand Name: Yahua lighting
- Certification: CE ROHS IES
- Model Number: YHZ-SS-0502
- Minimum Order Quantity: 1pc
- Price: USD5.00-USD7.00/PC
- Packaging Details: Foam+Carton
- Delivery Time: 5-8 Days
- Payment Terms: L/C, D/A, D/P, Western Union, MoneyGram, T/T
- Supply Ability: 3000PCS

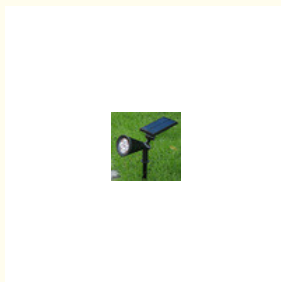

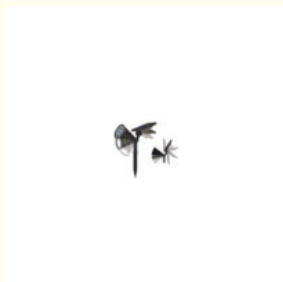

Product Specification

- Product Name: New Desigh Outdoor Solar Led Lawn Light Waterproof Ip65 Garden Light
- Item Type: Outdoor Solar LED Lights
- Working Lifetime(hour): 50000
- Working Temperature(°C): -20 - 60
- Lamp Body Material: ABS+PC
- Lamp Luminous Flux(lm): 120lm/W
- Highlight: 3500K Solar Led Lawn Light,
2500K Solar Led Lawn Light,
3500K Ip65 Solar Garden Lights

Product Description

New design outdoor solar led lawn light waterproof ip65 garden light

Brief introduction

The solar lawn lamp is a kind of green energy lamp, which has the characteristics of safety, energy saving, environmental protection and convenient installation. A complete set of solar lawn lamp system includes: light source, controller, battery, solar cell assembly and lamp body.

Solar lawn lights are mainly used for urban lawn, including squares, parks, residential areas, roads and other green space

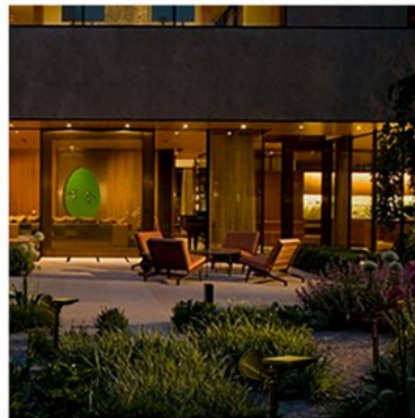

Application:

Solar lawn lights are mainly used for urban lawn, including squares, parks, residential areas, roads and other green space.

Product parts:

When the sun shines on the solar cell during the day, the solar cell converts the light energy into electricity, which is stored in the battery through a control circuit. After dark, the power from the battery runs through a control circuit to power the lawn light's LED source. The next morning, at dawn, the battery stopped powering the light source, the lawn lights went off, and the solar cell continued to charge the battery, and the cycle continued.

Model	YHZ-SS-0502
Battery	3.7V/1800mAh 18650 lithium battery
Lamp material	ABS+PC
CCT	6000-7000K 2500-3500K
Human body sensing	YES
Waterproof	IP44
Working time	10H
Charging time	>8H
Work Temperature	charging:0°C~+60°C discharging:-20°C~+60°C Storage:0°C~+45°C
Warranty	3years warranty
Rated lifespan	50000+hours
Certificate	CE / ROHS/IP65
product size	270*93*140mm
Carton size	1180*340*200MM

Product description:

Solar Lawn Light is the most solar cell consumption project in the field of solar photovoltaic application in China every year. It is the only solar cell application product controlled by ASIC in the world. It is a real semiconductor lighting product which is completely powered by semiconductor materials and emits light with semiconductor materials at the same time. It is expected that with the recovery of the global economy in the future, the total demand of the international market will increase, and the demand of the domestic market will gradually appear. Villas, parks, golf courses and other places may be the places with the most market demand.
