

## Ip65 Integrated 100 Watt Solar LED Street Light Outdoor 10400Lm

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE,Rosh,ISO9001
- Model Number: YHZ-SSL-100W
- Minimum Order Quantity: 1Pc for integrated 100 watt solar led street light
- Price: USD259~281 per unit for integrated 100 watt solar led street light
- Packaging Details: Carton
- Delivery Time: 5-8 work days
- Payment Terms: T/T, Western Union
- Supply Ability: 1000pieces per month

### Product Specification

- LED Power: 12V 120W
- Lumen (LM): 10400Lm
- Solar Panel Max Power: 18V/120W Monocrystalline Silicon Solar Panel
- Battery Type: 12V/60AH Lithium Battery(Life Time 5 Years)
- Charge Time(by Sun): 6-8 Hours (with Enough Strong Shine)
- Discharge Time: >12 Hours With Full Power; >40 Hours With Saving Mode
- Color Temperature: 6000-6500K
- Mounting Height(m): 10m
- Highlight: 100 Watt Solar LED Street Light, 10400Lm IP65 Solar Sensor Wall Light, led street light 100 watt

#### FAQ

**Q. Can I have a sample order for solar led light?**

A: Yes, we welcome sample order to test and check quality. Mixed samples are acceptable.

**Q.How long does the solar power can be stored?**

A: Solar power of the all in one

solar street light can be stored for 6 months after the batteries are full charged. Please examine, and charge periodically after long time transportation to prevent damage.

**Q: How many cycles full charge&discharge about your battery?**

A: In 50% discharging deepness, it can be cycled for 1,200 times; in floating charging and discharging status, it can be cycled for 5000~6000 times.

**Q. What is the advantage of the battery?**

A: Our integrated solar street light adopts long life lithium battery for storing energy, charging temperature at day time is between: -25 -60 .

**Q. How to control the luminance of the solar street light?**

A: Our solar street light adopts motion sensor control & brightness sub-regulation. Here we especially introduce the brightness sub-regulation. Use a remote control

to set the brightness according to the time change. For example, from 6:00p.m. to 12:00p.m., 100% brightness; from 0:00a.m. to 06:00a.m.30% brightness. In that way, this new product can instead common LED street light.

**Q. What is the mounting height?**

A: We suggest the solar street light of 20W, 30W, 40W for 3-5m, the solar street light of 50W, 60W, 80W for 6-8m.

**Q. What is the distance?**

A: For the distance, we suggest the solar street light of 20W, 30W, 40W for 10-15m, the solar street light of 50W, 60W, 80W for 20-25m.

**Q. The controller of your solar street light has dual time control function?**

A: our solar charge controller is designed with dual time control function, you can set up the lighting time and divide it into two parts, like 12 hours (6 hours full power lighting + 6 hours half power lighting)

**Q. Is it OK to print my logo on led light product?**

A: Yes. Please inform us formally before our production and confirm the design firstly based on our sample.

**Q: Do you offer guarantee for the products?**

A: Yes, we offer 3 years warranty to our products include all parts.
