## Product Description

### Products Description

The 150 Watt LED Street Light is a widely sought-after LED street light with a classic design. Its unique oval shape and sleek appearance are reminiscent of a sword, hence the name "sword model". Additionally, it is available in black or gray, and offers a range of wattage options from 50W to 250W, making it ideal for various lighting environments. With certifications like CE and RoHS, it has been deemed a top-selling export lamp.

### Features

1: Lens: Our product is equipped with premium tempered optical glass lenses, which boast a remarkable light transmittance rate of 100%. As a result, the light efficiency is uniform and consistent, providing strong refraction to meet all your lighting needs. Moreover, our lenses have high strength and are not easily breakable, ensuring long-lasting and reliable performance.

2: Lamp body: Crafted from premium aerospace-grade aluminum, this product boasts a durable anodized oxide finish that ensures it won't fade or corrode over time. Its superior crack resistance is just one of the many outstanding qualities that make this item both fashionable and excellent in quality. So rest assured that this product will provide not only beauty but also lasting functionality for many years to come.

3: Anti-rust design: Ensuring rust prevention in lighting fixtures is paramount, and the LED Street Light 150 Watt has incorporated a state-of-the-art processing technology known as integrated precision die-casting. This technique guarantees the highest level of product longevity, ensuring a rust-free and durable fixture that can withstand harsh weather conditions.

### Technical Specifications

Power	50W	100W	150W	200W
Voltage	85-265V50/60Hz			
Color temperature	3000K 4000K 5000K 6000K			
Lamp beads	COB integrated lamp beads			
Product Size	495*215*60mm	720*265*80mm	860*315*80mm	945*340*80mm
Light effect	70 CRI 100-120LM/W			
Beam angle	75°145°			
Wire length	3*0.75 0.3 meters			
Shell color	Black/Grey			
Package Size	51*23*10cm 2KG	73*28*10cm 3.7KG	87*33*10cm 4.1KG	96*34*10cm 7KG

### Advantages of Outdoor LED Street Light

- 1: End Caps: Made with die-cast aluminum, these end caps have an attractive appearance and a sturdy load-bearing structure.
- 2: Heat Sink: Constructed with high-purity, stretched aluminum material, the heat sink won't rust, and it has a stainless steel back part.
- 3: Top-Quality Lens: Our product features an impurity-free, high-quality lens that provides effective lighting while consuming less power.
- 4: Spray-Finishing: Our spray-finishing technique ensures that the paint won't peel off.
- 5: Environmentally Friendly: Our product is free of UV & IR, Mercury, and Lead, and it doesn't blink, making it safe and eco-friendly.
- 6: Wide Range of Wattage: Our product is available in wattages ranging from 30W to 210W, so you can choose the right option for your needs.
- 7: Easy to Install and Maintain: Our product is designed to meet customers' unique requirements, and it is straightforward to install and maintain.
