

80w Ac Electric Aluminum Outdoor Street Led Lights Waterproof Ip65 From Dusk To Dawn

Our Product Introduction

Basic Information

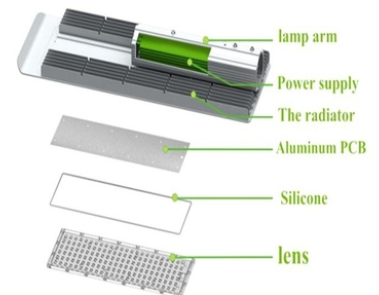

- Place of Origin: China
- Brand Name: Yahua lighting
- Certification: CE ROHS IES
- Minimum Order Quantity: 5pcs
- Delivery Time: 5-8 Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000pcs per month

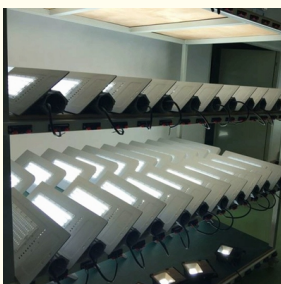

Product Specification

- Luminous Efficiency: 100 120Lm/W
- Power: 120W
- Housing: Aluminium
- Protection Class: IP65
- Color Temperature: 2700-6500K
- Working Lifespan: >50000 Hours
- Warranty: 3-5 Years
- Highlight: **Aluminum Outdoor LED Street Light,
80w Outdoor LED Street Light,
Waterproof IP65 Outdoor LED Street Light**

Product Description

Products Description

The High Power LED Street Light is a fantastic lighting solution that offers even illumination throughout any area. Its front panel is completely adorned with LEDs, guaranteeing that no corner will be left in the dark. This versatile light can be used for narrow alleys or expansive streets and thoroughfares, ensuring that everyone can see without obstruction. The use of cutting-edge LED technology also means that it's energy-efficient and eco-friendly, offering affordability for municipalities or businesses. Installing the light is a straightforward process, with options for wall or pole mounting, and the programmable remote control allows you to adjust the brightness and timing with ease to suit your specific needs.

Feature

- 1: The aluminum shell of this light has been crafted using a high-pressure cast technique that endows it with exceptional resistance against corrosion. This makes it a highly durable and long-lasting option even in the harshest outdoor environments. Furthermore, it boasts waterproof protection levels of up to IP66/IP67, providing superior defense against water damage.
- 2: LED street lights that offer high luminance and a powerful output are the ideal option for meeting outdoor lighting requirements. With their impressive brightness, these lights provide exceptional visibility that ensures safety by consistently illuminating large areas. Additionally, the improved color rendering capability of these LEDs guarantees objects and people are distinctly visible for easy recognition during nighttime hours.
- 3: Our LED street lighting fixtures are built to last, with impact-resistant features and high-pressure die-casting aluminum fin and shell integration. We take pride in prioritizing three main features - durability, efficiency, and ease of use, making our lighting solutions the perfect choice for anyone looking for reliable, stylish outdoor illumination. Our fixtures are perfect for businesses and municipalities looking for long-lasting, high-quality lighting.

Technical Specifications

Input Voltage	AC85V 265V
Frequency Range	50Hz 60Hz
Total Harmonic Distortion	≤ 10 %
Power Factor	0.95
LED chip	3030
Led Luminous Efficiency	100 110Lm/W
Led Initial Flux	5700 6300Lm
Lamp Efficiency	93 %
Color Temperature	2700-6500K
Color Rendering Index	Ra 80
Warranty	3-5 years
Working Temperature	-40°C +50°C
IP Grade	IP65
Working Life-span	>50000H

Advantages of High Power LED Street Light

- 1: Weather-resistant Design: These lights are designed to withstand harsh weather conditions, providing long-lasting durability and consistent performance under extreme circumstances.
- 2: Easy and Efficient Installation: Thanks to their lightweight and practical design, these lights can be easily installed without any hassle, making them ideal for a wide range of applications.
- 3: Affordable and Low-maintenance: With minimal maintenance required, these LED streetlights have a low lifecycle cost, ensuring higher returns on investment.
- 4: Environmentally Friendly: These eco-friendly LED lights contain no harmful chemicals and contribute to mitigating carbon emissions, making them an ideal solution for those who prioritize sustainability.
