Product Description

Products Description

Discover the outstanding LED Floodlight 200W 6500K IP65, the perfect solution to enhance your visibility and safety in any environment. Thanks to its impressive color temperature of 6500K and high lumen output, this floodlight delivers crisp, white light that illuminates any outdoor area. Crafted with a rugged IP65-rated housing, this lighting system is built to withstand rough weather conditions and resist the intrusion of water and dust. Moreover, it is incredibly energy-efficient, consuming considerably less power than traditional lighting sources while providing an extraordinary level of brightness. This LED floodlight offers a prolonged lifespan, leading to significantly reduced maintenance costs and minimal disruption of operations.

Features

1: Lamp bead: Discover an exceptional combination of brightness and energy efficiency with our LED Floodlight 200W 6500K IP65 which boasts top-notch lamp beads. These superior-quality LED lights offer unparalleled performance, emitting clear and bright illumination which enhances visibility and safety in all outdoor surroundings. The lamp beads are known for their extended lifespan and low energy consumption, making them the perfect selection for enterprises that require cost-effective and sustainable lighting solutions for their setups.

2: Meanwell driver: Our 200W LED Floodlight with a color temperature of 6500K and an IP65 rating is equipped with a dependable and top-notch Meanwell driver that guarantees steady and effective functionality, delivering top-notch results. This cutting-edge driver mechanism is purposely tailored to generate constant power output, minimizing disruptions or spikes that could potentially affect the fixture and hinder its longevity. Furthermore, the Meanwell driver incorporates top-level safety and durability elements, including overvoltage and overcurrent safeguard features, which aid in upholding the robustness of the floodlight.

3: Easy installation: Our LED floodlight takes the hassle out of installation with its specially-designed mounting brackets and adjustable angles that offer precise directional lighting. With its sleek and straightforward design, you can quickly retrofit the floodlight onto existing fixtures. This translates to significant savings in both installation costs and time. Moreover, the floodlight can be integrated with advanced lighting controls to provide greater energy-saving options and customization. Whether you're illuminating small outdoor spaces or expansive areas, our LED floodlight is the top choice for your lighting needs.

Technical Specifications

Item Type	LED Floodlight 200W 6500K IP65
Brand Name	Yahua lighting
Input Voltage	AC85-265V/50Hz
Material	Die-cast aluminum
Certification	CCC,CE, ROHS,IP65
IP Rating	IP 65
Life Hours	50000Hours
Light Source	LED
Chip	Bridgelux, Epistar
Working Temperature	-40°C-50°C
Color Temperature	2700K--6500K warm white, cool white, pure white
Power factor	>0.95
Beam angle	120°
Warranty	3-5 years
