

## High Lumen Outdoor Garden Ip65 Led Solar Flood Light 800W 500w 300w 100w 200w

Our Product Introduction

for more products please visit us on [solarledstreet-light.com](http://solarledstreet-light.com)

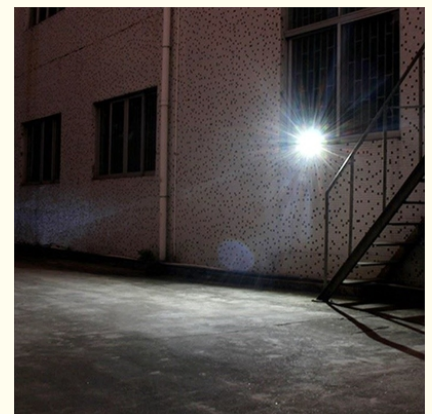

### Basic Information

- Place of Origin: China
- Brand Name: Yahua lighting
- Certification: CE ROHS IES
- Delivery Time: 5-8 Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000pcs per month

### Product Specification

- Solar Panel: 10V\*30W Monocrystalline Silicon Solar Panel
- LED: 204pcs 5730 SMD LED Epistar Chip
- Light Area: >40
- Material: Aluminium Alloy
- Charge Time: 6-8 Hours
- Discharge Time: Dimmable 10-30 Hours
- IP Degree: IP66
- Package Dimension: 420\*380\*570mm; 4pcs/ctn
- Highlight: **Led Solar Flood Light 800W, Outdoor Garden Led Solar Flood Light, High Lumen Outdoor Solar LED Lights**

## Product Description

### Products Description

Check out our latest offering - the 100W Solar Powered Flood Lights! These lights are designed to cater to all your outdoor lighting needs. Available in black and white, you can choose the perfect color to complement your outdoor decor. The high-quality LED chips provide bright and efficient illumination, making your outdoor spaces come alive. The die-cast aluminum housing guarantees durability and longevity, with efficient heat dissipation ensuring a long lifespan for the product. The IP66 outdoor waterproof rating ensures that the lights are suitable for use in all weather conditions. Moreover, these solar-powered flood lights come with easy installation and no ongoing energy costs, making them a cost-effective and eco-friendly choice. Try them out today!

### Advantage:

1: Our flood lights are fitted with a high-capacity 6.4V\*12000mAH lithium iron phosphate battery that ensures reliable and long-lasting power to keep your outdoor spaces well-lit for extended periods. The battery boasts a long lifespan and can be recharged up to 2000 times, making it an excellent eco-friendly and cost-effective option. With this battery, you can be sure of a consistent and uninterrupted supply of power to your outdoor lights, without having to worry about replacements or energy costs. Choose our flood lights for quality and reliable outdoor lighting solutions.

2: Our 100W Solar Powered Flood Lights come packed with a range of useful features that make them a versatile and convenient solution for all your lighting needs. These lights offer multiple functions, including remote control and light control, allowing you to adjust the brightness and timing to your liking. They also come with an automatic mode and a memory function that remembers your preferred settings, making them easy to set and forget. With these features, you can easily customize your lighting experience and enjoy hassle-free outdoor lighting that meets your specific requirements.

3: Our lights are designed to provide an impressive working time of up to 10-20 hours on dimmed brightness, ensuring that your outdoor areas remain well-lit throughout the night. This extended operating time is made possible by the advanced solar panels and high-quality LED chips, which generate clean energy during the day to power the lights at night. With this technology, you can enjoy uninterrupted and efficient lighting that is both cost-effective and eco-friendly. Our solar-powered lights are an excellent choice for anyone looking to light up their outdoor spaces for extended periods, without worrying about energy costs or replacements.

### Technical Specifications

Item	100w Solar Powered Flood Lights
Battery	6.4V*12000mAH lithium iron phosphate battery. Full capacity A-grade product (Mark 6.4V*16000mAH)
Material	Aluminum alloy
Charge mode	Solar battery charging
Function	Remote control + light control + 1~8H timing + 3-grade dimming (100% 60% 30%) + dimming (Any brightness dimming from 30% to 100% as you required) + memory function (if you do not operate the controller the next day, the light will be on based on operation last light) + daytime brightness (you can open light any time you want)
Remote control distance	>12m
Charge time	6-8 hours
Discharge time	Dimmable 10-30 hours
Cable	5m, 0.5 square copper core, Environmental protection, and cold-resistant leather cover
Weight	5.5kg/set. 23kg/ctn (4pcs/ctn)

### Can solar-powered flood lights work in areas with limited sunlight?

It's worth noting that Solar Powered Flood Lights rely on sunlight to generate power, which means that areas with limited sunlight may not work as effectively or at all. However, newer models of solar-powered flood lights come equipped with

advanced solar panels and batteries that can store energy for longer periods of time. These models are designed to compensate for lower levels of sunlight, making them more efficient in areas with limited sunlight. It's important to research and select a solar-powered flood light model that is specifically designed to function in low-light conditions if your area experiences limited sunlight. With the right model, you can enjoy hassle-free and reliable outdoor lighting that meets your specific needs.
