

Die Casting Aluminum 150W Outdoor LED Street Light Urban Streetlight 6500K IP65

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Yahua lighting
- Certification: CE ROHS IES
- Minimum Order Quantity: 10pcs
- Delivery Time: 5-8 Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000pcs per month

Product Specification

- Power: 150W
- Color Temperature: 3000-6500K
- Lumen Efficiency: 140Lm/w
- IP Grade: IP65
- Working Life-span: >50000H
- Working Temperature: -40°C +60°C
- Material: Die-cast Aluminum
- Warranty: 3-5 Years
- Highlight: 50W Outdoor LED Street Light,
Die Casting Aluminum Urban Street Light,
6500K Outdoor LED Street Light

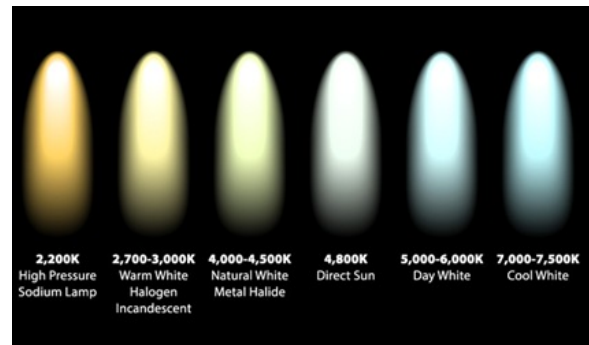

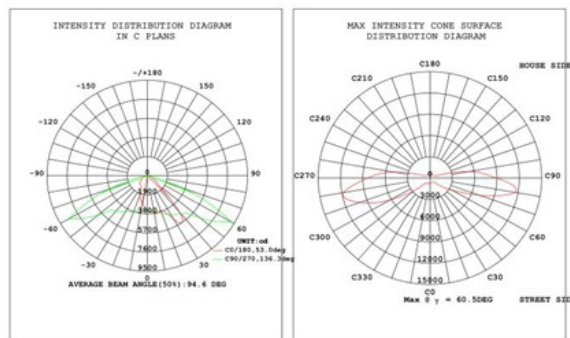

Product Description

Products Description

Our Urban Street Light is engineered to deliver high-powered illumination, featuring advanced LED chips that emit bright light and demonstrate a remarkable lumen efficiency of 120-140Lm/W. Our product has received the prestigious, ROHS, IP65 ISO9001, and CQC certifications, which we take great pride in, and we offer a comprehensive 3-year warranty on all our lights. Our lights are available in three color options - warm white, pure white, and cool white - with color temperatures ranging from 3000K-6500K, providing you with a variety of lighting options to suit your specific needs.

Advantages

- 1: Our streetlights are equipped with the latest LED technology, providing a superior level of brightness and efficiency. The luminous these lights is unparalleled, reaching up to 140LM/W, which ensures excellent illumination while consuming minimal energy. This not only results in substantial cost savings but also reflects our dedication to sustainability and a more eco-friendly lighting solution. By choosing our streetlights, you can enjoy optimal lighting while making a positive impact on the environment.
- 2: Our urban streetlights are designed to impress with their innovative exterior that adds a contemporary and refined look to any outdoor area. The sleek and streamlined appearance of these lights creates a perfect match with their surroundings, while also acting as a stylish element that elevates the overall aesthetic. Our streetlights go beyond providing excellent lighting and also enhance the ambiance of the outdoor space, making them a fantastic choice for those looking to create a modern and sophisticated atmosphere. With our streetlights, you can enjoy exceptional lighting while creating an impressive and refined outdoor environment.
- 3: Our Urban Street Light is designed to provide you with a range of color temperatures to choose from, which vary from warm white to cool white. This feature allows you to customize the lighting to your specific needs and preferences, whether you prefer a cozy and inviting light or a bright and energetic one. With a vast range of 3000-6500K, our lights offer versatility and adaptability to any setting, making them an ideal choice for both commercial and residential applications. With our Urban Street Light, you can enjoy optimal lighting that caters to your unique requirements, enhancing the ambiance of your space and creating a warm and inviting atmosphere.

Technical Specifications

Input Voltage	AC85V 265V
Frequency Range	50Hz 60Hz
Total Harmonic Distortion	≤ 10 %
Power Factor	0.95
LED chip	3030
Led Luminous Efficiency	140Lm/W
Led Initial Flux	20000Lm
Lamp Efficiency	95 %
Color Temperature	3000-6500K
Color Rendering Index	Ra 80
Working Temperature	-40°C +60°C
IP Grade	IP65
Working Life-span	>50000H
Warranty	3-5 years

Features

1. Our LED lights employ state-of-the-art cooling technology, featuring an all-aluminum body that efficiently dissipates heat. This extends the lifespan of the light source, ensuring optimal performance and reliability, making them a smart and efficient choice for your lighting needs.
2. Our lights are crafted to be dust and water-resistant, making them ideal for outdoor use. This minimizes the need for frequent cleaning and maintenance, allowing you to enjoy high-quality lighting without any hassle and making them suitable for any weather conditions.
3. Our lights boast an ultra-thin design that makes them easy to store and maintain, requiring minimal space and effort. This ensures that our lights are practical and convenient, making them an excellent addition to any space.
4. Our lights are built for longevity, featuring a high-pressure cast aluminum shell that is treated with a durable paint finish to provide strong corrosion resistance and ensure longevity. This ensures that our lights are robust and reliable, making them a cost-effective and long-lasting investment.

5. Our lights are waterproof and meet the IP65 protection level, assuring you that they can withstand the elements without sustaining any damage. This ensures that our lights are suitable for even the harshest environments, making them a dependable choice for any outdoor setting.

6. The integration of the high-pressure die-casting aluminum fin and shell makes our lights highly durable and resistant to impacts. This ensures that our lights can withstand wear and tear, making them a reliable and practical choice for any setting.
