

High Lumen Outdoor LED Flood Light Adjustable Angle IP65 Die Cast Aluminum 150w 300w 6500K

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Yahua lighting
- Certification: CE ROHS IES
- Delivery Time: 5-8 Days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000pcs per month

Product Specification

- Power: 100/200/300W
- Protection Class: IP65
- Color Temperature: -40°C-+50°C
- Material: Die-cast Aluminum
- Life Hours: 50000 Hours
- Power Supply Efficiency: >97%
- Luminous Flux: 1000Lm-30000Lm Flux
- Warranty: 3-5 Years
- Highlight: Die Cast Aluminum LED Tunnel Light, High Lumen LED Flood Light, 300w Outdoor LED Flood Light

Product Description

Products Description

If you're in search of affordable and efficient outdoor lighting options, look no further than our floodlights. Boasting a luminous efficacy of 150LM/W, these lights deliver impressive brightness while using minimal power. They are equipped with a tempered glass panel that safeguards against damage to the electrical components and evenly distributes light, ensuring lasting durability and high performance. With the added benefit of a 270-degree rotation feature, you can easily adjust the angle of the lights to suit your outdoor lighting needs. Whether you need to illuminate a wide area or narrow down the light's focus, these floodlights are the perfect choice for any outdoor setting.

Advantages

1: Illuminate Your Outdoor Space

Keep your outdoor view alive with our powerful LED floodlights that provide ample lighting even after the sun sets. With 240 LED lights arranged in four cells, these floodlights are capable of providing a symmetrical, comfortable, and cold white light with a natural-like color temperature of 6500K and a luminosity of 20,000 lm.

2: Durable and Versatile Design

Our LED Sports Ground Floodlights feature a waterproof and dustproof casing that meets IP65 standards, making them durable and long-lasting. They can withstand heavy splashes of water and dust, protecting the electrical components from damage. Moreover, they boast a broad operating temperature range of -4 to 149 °F, suitable for use in different outdoor environments.

3: Energy Efficiency at Its Best

Our LED Sports Ground Floodlights have an outstanding energy efficiency rating of A++, making them environmentally friendly and cost-effective. Despite their high intensity and luminous flux, they boast a runtime of up to 50,000 hours, minimizing the need for frequent replacements. They also have an impact protection rating of IK08, ensuring sturdiness and resistance to accidental impacts.

Technical Specifications

Input Voltage	AC85-265V/50Hz
Material	Die-cast aluminum
Certification	CCC, CE, ROHS
IP Rating	IP 65
Lifespan	5000 hours+
Light Source	LED
Working Temperature	-40°C-50°C
Color Temperature	3000K--6500K
Power Supply Efficiency	>97%
Power	90w-300w optional
Luminous Flux	1000Lm-30000Lm flux
Warranty	3-5 years

Features of LED Floodlights

1: Durable and Waterproof

Our LED Sports Ground Floodlights are designed to last long, with a waterproof, dustproof, and protection rating of IP65, ensuring their durability in extreme weather conditions.

2: Energy Efficiency at Its Best

These floodlights have an A++ class energy efficiency rating, which means they consume less electricity, save money, and are environmentally friendly.

3: Long Operating Life

You can trust the longevity of these LED Sports Ground Floodlights, with an average operating life of around 50,000 hours.

4: Robust and Impact-Resistant Design

In addition to their energy efficiency and durability features, these floodlights have a robust design with an impact protection rating of IK08, making them resistant to any accidental knocks or bumps.
