LED Light Source Solar Street Light With More Than 36 Hours Lighting Time

Our Product Introduction

For more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Delivery Time: 5-8 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Product Specification

- Color Temperature: 6000K
- Battery Capacity: 3.2V/20AH
- Waterproof Level: IP65
- Material: Aluminum Alloy
- Sensing Distance: 8-10m
- Solar Panel: Monocrystalline Silicon
- Light Source: Solar
- Voltage: 12V
- Highlight: Aluminum Alloy LED Solar Integrated Lamp, ROHS Integrated Solar Street Light, 3.2V LED Integrated Solar Lighting System

Product Description

Product Description:

The **Integrated Solar Street Light** is a revolutionary solar lighting system that features an all-in-one integrated design. This efficient lighting system features an amazing combination of convenience, reliability and affordability. The integrated solar lighting system is powered by renewable energy from the sun and provides a long-lasting, energy efficient solution for all of your outdoor lighting needs. The system is designed to work in a wide range of weather conditions with a **working temperature** of -20°C to +60°C. The **voltage** of the system is 12V. The **color temperature** is 6000K and the **lighting angle** is 120°, providing maximum coverage for your outdoor areas. The integrated solar street light is also backed by a long **warranty** of 3-5 years, ensuring that your investment is protected for years to come. Invest in an integrated solar lighting system today for a hassle-free, environmentally friendly solution for all of your outdoor lighting needs.

Features:

Product Name: **Integrated Solar Street Light**, All-in-one Solar Street Light, Integrated Solar Lighting System

Warranty: **3-5 Years**

Light Source: **Solar**

Sensing Distance: **8-10m**

Lighting Angle: **120°**

Lighting Time: **More Than 36 Hours**

Applications:

Yahua Lighting's Integrated Solar Street Light is the perfect lighting solution for outdoors. With a monocrystalline silicon solar panel, it has a lighting angle of 120° and a color temperature of 6000K. The battery capacity is 3.2V/20AH and it can provide more than 36 hours of lighting. This solar powered street lamp is certified with CE IP65 ROHS ISO and can be delivered within 5-8 days. Payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. It is the perfect choice for outdoor solar powered lightings, making it a great investment for your outdoor lighting needs.

Technical Parameters:

Product Feature	Specification
Product Name	Integrated Solar Street Light
Light Source	Solar
Battery Capacity	3.2V/20AH
Voltage	12V
Power	30-300W
Warranty	3-5 Years
Luminous Flux	140LM/W

Sensing Distance	8-10m
Color Temperature	6000K
Waterproof Level	IP65
Installation Height	5-8m

Customization:

Welcome to Yahua Lighting, the leading provider of Integrated Solar Streetlamp. We offer an all-in-one solar lamp designed for outdoor lighting that is powered by the sun. Our products are certified with CE IP65 ROHS ISO, and we guarantee a 5-8 day delivery. We accept a variety of payment terms, including: L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Our products feature a color temperature of 6000K, an installation height of 5-8m, and a lighting time of more than 36 hours. The sensing distance is 8-10m, and the solar panel is made of monocrystalline silicon.

Support and Services:

Integrated Solar Street Light Technical Support & Service

We provide full-scale technical support and services for our integrated solar street light products.

Our technical support team is composed of professional engineers and technicians who are experienced in the solar lighting industry. They are available to provide technical guidance and answer questions from our customers.

We also provide comprehensive service and maintenance program for our integrated solar street light products. Our experienced technicians can inspect and repair any problems with the lights, and can provide preventive maintenance to ensure the products are functioning properly.

In addition, we provide regular updates and software upgrades to keep our integrated solar street light products running optimally.

If you have any questions or need assistance, please do not hesitate to contact us.

FAQ:

Q1: What is the brand name of the Integrated Solar Street Light?

A1: The brand name of the Integrated Solar Street Light is Yahua Lighting.

Q2: Where is it manufactured?

A2: It is manufactured in China.

Q3: What certifications does the product have?

A3: The product has CE IP65 ROHS ISO certification.

Q4: How long does it take to deliver?

A4: It takes 5-8 days to deliver.

Q5: What payment methods are accepted?

A5: L/C, D/A, D/P, T/T, Western Union, MoneyGram are accepted.
