Monocrystalline Silicon Integrated Solar Street Light With 3.2V / 20AH Battery Capacity

Our Product Introduction

For more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Delivery Time: 5-8 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Product Specification

- Color Temperature: 6000K
- Light Source: Solar
- Solar Panel: Monocrystalline Silicon
- Battery Capacity: 3.2V/20AH
- Working Temperature: -20°C~+60°C
- Waterproof Level: IP65
- Installation Height: 5-8m
- Warranty: 3-5 Years
- Highlight: **Monocrystalline Silicon Solar Streetlamp, 20AH Integrated Solar Street Light, IP65 Solar Street Light Integrated**

Product Description

Product Description:

Our **Integrated Solar Street Light** provides a perfect lighting solution for outdoor applications such as squares, parks, parking lots, roads, and highways. It is a complete, cost-effective and maintenance-free solution for all types of outdoor lighting requirements. The system is composed of a Monocrystalline Silicon Solar Panel, an Aluminum Alloy body, an IP65 waterproof level, and a 140 Lumens/Watt Light Source. This Integrated Solar Lighting System is designed to be highly efficient, long-lasting and eco-friendly with minimal installation time and cost. It offers superior energy savings and low maintenance compared to traditional lighting systems. Our integrated solar street light is perfect for lighting up areas without access to conventional power sources and it is a simple, effective and affordable way to bring light to any area.

Features:

Product Name: **Integrated Solar Street Light**

Color Temperature: **6000K**

Installation Height: **5-8m**

Solar Panel: **Monocrystalline Silicon**

Warranty: **3-5 Years**

Light Source: **Solar**

Product Type: **Integrated Solar Lighting System**

Keywords: **Integrated Solar Street Light, Solar Powered Outdoor Light, Solar Street Light**

Applications:

Integrated Solar Street Light

Yahua Lighting's **Integrated Solar Street Light** is the perfect solution for any place where access to electricity is difficult or expensive. It combines a solar panel, a battery, and a lamp into an all-in-one package. This all-in-one solar lamp is an ideal choice for illuminating areas such as gardens, parks, squares, courtyards, and other places without access to electrical power.

The integrated Solar Street Light is made of **monocrystalline silicon solar panel** and **aluminum alloy**, which make it waterproof and dustproof. It has a **battery capacity of 3.2V/20AH** and can provide illumination for more than 36 hours. Moreover, the light source angle is **20°**, which can provide a wide range of illumination.

Yahua Lighting's Integrated Solar Street Light is certified with **CE IP65 ROHS ISO**, which ensures its quality and safety. The delivery time for the all-in-one solar lamp is **5-8 days**, and you can choose from various payment methods such as **L/C, D/A, D/P, T/T, Western Union, MoneyGram**.

The Integrated Solar Street Light from Yahua Lighting is the perfect solution for any place where access to electricity is difficult or expensive. It is an ideal choice for illuminating gardens, parks, squares, courtyards, and other places without access to electrical power.

Technical Parameters:

Product Attribute	Specification
Power	30-300W
Lighting Angle	120°
Battery Capacity	3.2V/20AH

Installation Height	5-8m
Working Temperature	-20°C~+60°C
Light Source	Solar
Material	Aluminum Alloy
Color Temperature	6000K
Waterproof Level	IP65
Luminous Flux	140LM/W
Product Name	Integrated Solar Street Light

Customization:

Integrated Solar Street Light Customization Service

Yahua Lighting provides customized services for Integrated Solar Street Light with the following attributes:

Brand Name: Yahua Lighting

Place of Origin: China

Certification: CE IP65 ROHS ISO

Delivery Time: 5-8 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Color Temperature: 6000K

Lighting Time: More Than 36 Hours

Waterproof Level: IP65

Lighting Angle: 120°

Solar Panel: Monocrystalline Silicon

Our Integrated Solar Street Light is a one-stop solution for all your outdoor lighting needs, with a unique all-in-one design. This all-in-one solar lamp with pole comes with a high waterproof level of IP65 and a long lighting time of more than 36 hours. It has a 120 degree lighting angle and a 6000K color temperature, and is powered by monocrystalline silicon solar panel. We provide certification such as CE, IP65, ROHS, and ISO to ensure the quality of our products.

If you are looking for a reliable and customized Integrated Solar Street Light, then Yahua Lighting is the perfect choice for you. Contact us now and we will deliver within 5-8 days after payment.

Support and Services:

We provide technical support and services for our Integrated Solar Street Lights. Our team of experts is available to provide assistance with technical questions, installation, troubleshooting, and maintenance. We provide technical support via phone, email, and online chat. Additionally, we offer remote access to our technicians, allowing them to quickly diagnose and resolve issues. We also provide training sessions to help customers understand the features and benefits of our products.

FAQ:

Q1: What is the brand name of the Integrated Solar Street Light?

A1: The brand name of the Integrated Solar Street Light is Yahua Lighting.

Q2: Where is the Integrated Solar Street Light manufactured?

A2: The Integrated Solar Street Light is manufactured in China.

Q3: What certifications does the Integrated Solar Street Light have?

A3: The Integrated Solar Street Light has CE IP65 ROHS ISO certifications.

Q4: How long does it take to deliver the Integrated Solar Street Light?

A4: The delivery time for the Integrated Solar Street Light is 5-8 days.

Q5: What payment terms are available for the Integrated Solar Street Light?

A5: The payment terms available for the Integrated Solar Street Light are L/C, D/A, D/P, T/T, Western Union, and MoneyGram.
