Symmetric / Asymmetric Solar LED Street Light 3000 - 18000lm 120 Degree Beam Angle

Our Product Introduction

For more products please visit us on solarledstreet-light.com

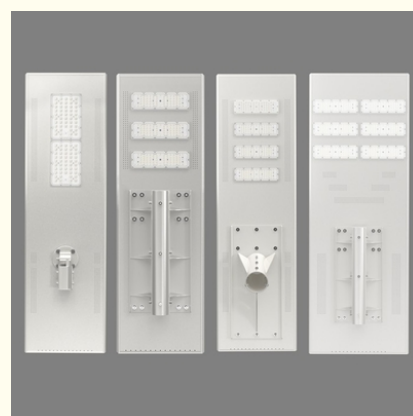

Basic Information

- Place of Origin: China
- Brand Name: Yahua lighting
- Certification: CE IP65 ROHS ISO
- Delivery Time: 5-8 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 3000pcs/month

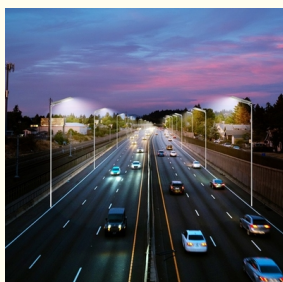

Product Specification

- CRI: Ra>80
- Light Distribution: Symmetric/Asymmetric
- Power: 30W-200W
- Life Span: 50,000hrs
- Light Source: LED
- Luminous Flux: 3000-18000lm
- Warranty: 3-5 Years
- Color Temperature: 3000K-6500K
- Highlight: Solar LED Street Light 18000lm,
Symmetric Solar LED Street Light,
Motion Sensor LED Solar Street Lighting

Product Description

Product Description:

Our Solar LED Street Light is a high-performance, energy-saving, and environmentally friendly product. It is powered by solar energy and equipped with a rechargeable battery, allowing it to provide efficient and reliable lighting for up to 12 hours. This Solar Rechargeable Street Light has an IP65 rating, meaning it is dustproof and waterproof, and it also features a 120° wide beam angle, making it perfect for wide-area lighting applications. Moreover, this Solar Street Lighting Controller is equipped with a motion sensor and timer control, allowing it to automatically switch on or off depending on the presence of people or the time of day. With a Color Rendering Index of Ra>80, this Solar Rechargeable Street Light provides a high-quality and energy-efficient lighting solution for any outdoor area.

Features:

Product Name: Solar-Powered LED-Street-Light

Light Source: LED

Warranty: 3-5 Years

Lighting Mode: Motion Sensor, Timer Control

Material: Aluminum Alloy

Light Distribution: Symmetric/Asymmetric

Integrated Solar LED Light

Technical Parameters:

Parameter	Value
CRI	Ra>80
Life Span	50,000hrs
Color Temperature	3000K-6500K
Beam Angle	120°
Lighting Mode	Motion Sensor, Timer Control
Luminous Flux	3000-18000lm
Certification	CE, RoHS, FCC
Warranty	3-5 Years
Material	Aluminum Alloy
Working Temperature	-40°C-60°C
Special Feature	Solar Street Lighting Controller, Solar Street Lighting System, Automatic Solar Street Lighting System

Applications:

Solar LED Street Light

Yahua Lighting's Solar LED street light is a reliable and efficient lighting system for outdoor lighting applications. It is designed with an integrated solar panel, automatic solar street lighting, and an integrated solar LED light. This solar street lighting system is certified by CE, RoHS, and FCC, and has a delivery time of 5-8 days. Payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Yahua Lighting can provide up to 3000pcs/month, and is made of aluminum alloy with a beam angle of 120° and a power range of 30W-200W, with an IP65 rating for waterproofing.

Customization:

Yahua Lighting provides custom service for Solar LED Street Light, with premium quality and performance. All our products are certified with CE IP65 ROHS ISO. The delivery time is 5-8 days, and we accept payment methods including L/C, D/A, D/P, T/T, Western Union, MoneyGram. We are capable of producing 3000pcs/month. It is IP65 rated and has color temperature ranging from 3000K-6500K. The working temperature is -40°C-60°C, and it supports motion sensor and timer control. The voltage is AC85-265V. Our automated Solar LED Street Light, integrated Solar LED Light and solar energy powered street light offer the best solution to your lighting needs.

Support and Services:

Our Solar LED Street Light comes with technical support and service. We provide our customers with comprehensive technical support and service to ensure they are satisfied with their product.

Technical support includes:

Assistance with product installation and setup

Help with troubleshooting and product repairs

Access to our online knowledge base and FAQs

Onsite technical support from our qualified professionals

We also provide our customers with a warranty for their Solar LED Street Light. Our warranty covers any manufacturing defects and provides for repair or replacement of the product if necessary.

If you have any questions or concerns about your Solar LED Street Light, please do not hesitate to contact us. We are always here to help you!

Packing and Shipping:

Packaging and Shipping of Solar LED Street Light

The Solar LED Street Light is packaged securely in a custom-made, weather-resistant, cardboard box. The box is filled with foam to ensure that the Solar LED Street Light is protected during shipping.

The Solar LED Street Light is shipped with a reliable courier service. We guarantee that your Solar LED Street Light will arrive safely and in perfect condition.
