

Outdoor Integrated Solar Street Light 140LM/W 5 - 8m Installation Height

Our Product Introduction

For more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Delivery Time: 5-8 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Product Specification

- Installation Height: 5-8m
- Solar Panel: Monocrystalline Silicon
- Luminous Flux: 140LM/W
- Power: 30-300W
- Battery Capacity: 3.2V/20AH
- Material: Aluminum Alloy
- Working Temperature: -20°C~+60°C
- Warranty: 3-5 Years
- Highlight: Integrated Solar Powered Street Lamp 140LM/W

Monocrystalline Silicon Integrated Solar Lighting

Product Description

Product Description:

Integrated Solar Outdoor Light is an innovative solar lighting solution for outdoor applications such as street lighting. It is equipped with advanced lighting technology and a built-in high-efficiency solar panel to ensure long-term lighting performance. The Integrated Solar Street Lighting system can provide more than 36 hours of lighting time with its outstanding working temperature range of -20°C to +60°C, 12V voltage and 3.2V/20AH battery capacity. It also comes with a powerful sensing distance of 8-10m for optimal security. This is an excellent choice for energy saving and environmental protection, and the Integrated Solar Lighting system can provide reliable and efficient lighting solutions for residential, commercial, and industrial applications.

Features:

Integrated Solar Street Light: Warranty of 3-5 years, installation height of 5-8m, sensing distance of 8-10m, lighting time of more than 36 hours, and power of 30-300W.

Integrated Solar Outdoor Light: Warranty of 3-5 years, installation height of 5-8m, sensing distance of 8-10m, lighting time of more than 36 hours, and power of 30-300W.

Solar Powered Street Lamp: Warranty of 3-5 years, installation height of 5-8m, sensing distance of 8-10m, lighting time of more than 36 hours, and power of 30-300W.

Integrated Solar Outdoor Lighting: Warranty of 3-5 years, installation height of 5-8m, sensing distance of 8-10m, lighting time of more than 36 hours, and power of 30-300W.

Technical Parameters:

Parameter	Value
Power	30-300W
Installation Height	5-8m
Sensing Distance	8-10m
Light Source	Solar
Waterproof Level	IP65
Battery Capacity	3.2V/20AH
Lighting Time	More Than 36 Hours
Color Temperature	6000K
Warranty	3-5 Years
Voltage	12V

Applications:

Yahua Lighting's Integrated Solar Streetlamp is a powerful solar powered street lamp that integrates the latest solar energy technology, making it perfect for outdoor lighting. This streetlight is produced and certified in China, and is compliant with CE IP65 ROHS ISO standards. Delivery times are fast, typically within 5-8 days. Payments can be made by a variety of methods, such as L/C, D/A, D/P, T/T, Western Union, or MoneyGram. It has a power rating of 30-300W and can be powered by solar energy, with a battery capacity of 3.2V/20AH. Thanks to its 8-10m sensing distance, it can provide more than 36 hours of lighting time.

Customization:

Integrated Solar Street Light Customized Service

Brand Name: Yahua Lighting

Place of Origin: China

Certification: CE IP65 ROHS ISO

Delivery Time: 5-8 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Sensing Distance: 8-10m

Luminous Flux: 140LM/W

Working Temperature: -20°C~+60°C

Battery Capacity: 3.2V/20AH

Lighting Angle: 120°

Yahua Lighting provides integrated solar streetlamp, integrated solar lighting system, and integrated solar streetlamp system that provide excellent performance, certified by CE IP65 ROHS ISO, with a delivery time within 5-8 days, and payment terms of L/C, D/A, D/P, T/T, Western Union, MoneyGram. It offers 8-10m sensing distance, 140LM/W luminous flux, -20°C~+60°C working temperature, 3.2V/20AH battery capacity, and 120° lighting angle.

Support and Services:

Integrated Solar Street Light Technical Support and Service

Provide technical support and advice on installation and operation of the integrated solar street light.

Provide training and guidance on product maintenance and repair.

Provide troubleshooting services for any technical issues encountered.

Provide timely and accurate responses to customer inquiries.

Provide replacement parts and materials in a timely manner.

Provide after-sales service and warranty support.

Packing and Shipping:

Packaging and Shipping for Integrated Solar Street Light:

Package: Export Carton or Wooden Box

Shipping: Express, Air Freight, Sea Freight

FAQ:

Q1: What is the Brand Name of integrated Solar Street Light?

A1: The Brand Name of integrated Solar Street Light is Yahua Lighting.

Q2: Where is the place of origin of integrated Solar Street Light?

A2: The place of origin of integrated Solar Street Light is China.

Q3: What kind of certification does integrated Solar Street Light have?

A3: Integrated Solar Street Light is certified with CE IP65 ROHS ISO.

Q4: How long does the delivery time of integrated Solar Street Light take?

A4: Generally, the delivery time of integrated Solar Street Light takes 5-8 days.

Q5: What are the payment terms for integrated Solar Street Light?

A5: The payment terms for integrated Solar Street Light include L/C, D/A, D/P, T/T, Western Union, and MoneyGram.
