6000K Integrated Solar Lighting 8-10m Sensing Distance

Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Delivery Time: 5-8 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Product Specification

- Working Temperature: -20 ~+60
- Lighting Angle: 120°
- Color Temperature: 6000K
- Sensing Distance: 8-10m
- Installation Height: 5-8m
- Warranty: 3-5 Years
- Light Source: Solar
- Luminous Flux: 140LM/W

Product Description

Product Description:

Our Integrated Solar Street Light is a reliable and efficient lighting solution for outdoor applications. It is powered by solar energy and designed with advanced technology to provide superior lighting performance. The light is made of high-quality aluminum alloy to ensure its stability and durability. It operates on a 12V voltage and supports a wide working temperature range of -20 to +60 . With an adjustable installation height of 5-8m and a wide lighting angle of 120°, it is perfect for lighting up roads, parks, yards, or any other outdoor area. Our Integrated Solar Street Light offers an ideal lighting solution with its superior performance and long-lasting durability.

Features:

Integrated Solar Lighting: All-in-one Solar Lamp, Integrated Solar Outdoor Light

Solar Panel: Monocrystalline Silicon

Sensing Distance: 8-10m

Working Temperature: -20 ~+60

Color Temperature: 6000K

Lighting Angle: 120°

Technical Parameters:

Technical Parameter	Description
Product Name	All-in-one Solar Street Light, Integrated Solar Street Light, Intergrated Solar Lighting System
Power	30-300W
Luminous Flux	140LM/W
Light Source	Solar
Battery Capacity	3.2V/20AH
Working Temperature	-20 ~+60
Solar Panel	Monocrystalline Silicon
Sensing Distance	8-10m
Material	Aluminum Alloy
Color Temperature	6000K
Lighting Angle	120°

Applications:

Integrated Solar Street Lighting is a perfect lighting solution that combines the latest energy-saving technology and Yahua Lighting brand from China. It is certified by CE IP65 ROHS ISO and designed to last for up to 3-5 years, with a delivery time of 5-8 days. This integrated solar lighting solution can be purchased using various payment methods, such as L/C, D/A, D/P, T/T, Western Union and MoneyGram. It is equipped with a battery capacity of 3.2V/20AH and a monocrystalline silicon solar panel, making it a reliable outdoor light. The installation height is 5-8m and the voltage is 12V, ensuring maximum lighting performance and energy efficiency.

Customization:

Integrated Solar Street Light Customization Service

Yahua Lighting provides a custom service for Integrated Solar Street Light. Our products are certified CE IP65 ROHS ISO, and delivery time is 5-8 days. We can accept payment terms like L/C, D/A, D/P, T/T, Western Union, MoneyGram. With a battery capacity of 3.2V/20AH, our Integrated Solar Outdoor Light can lighting over 36 hours. The warranty is 3-5 years. Our Integrated Solar Outdoor Light With Long Lighting Time are made of Monocrystalline Silicon and the sensing distance is 8-10m.

Support and Services:

We provide technical support and services for Integrated Solar Street Light. Our service includes:

Set up and installation of the product

Troubleshooting and problem-solving

Maintenance and repair services

Software updates and upgrades

Technical support via phone, email, and online chat

Packing and Shipping:

Packaging and Shipping of Integrated Solar Street Light

The integrated solar street light is packaged and shipped in a secure box, with all the necessary parts and components to ensure a safe and secure delivery. The box also contains a detailed instruction manual, which outlines the installation process and product specifications.

The integrated solar street light is shipped in a sturdy cardboard box, with handles for easy lifting and transport. The box is designed to protect the product from external damage, and is lined with foam to provide additional cushioning. All components and parts are securely held in place with foam or plastic packaging.

The integrated solar street light is usually shipped by air or sea freight, depending on the destination. The delivery time is usually 3-5 days after the order is placed.
