Product Description

Product Description:

Solar Panel Street Light is a kind of solar powered street lighting system, which uses solar energy as its main power source. This system is equipped with a lithium battery, an aluminum alloy material and a remote control to provide a convenient and efficient lighting system. It is designed to be waterproof and dustproof, providing a reliable and long-lasting lighting solution. The system is designed to provide up to 12 hours of lighting time, with a color temperature of 6000K. It is easy to install and requires no additional wiring or complex setup. This solar powered street lighting system is perfect for providing security, illumination and convenience to any outdoor environment. In addition to its functional features, Solar Panel Street Light also provides a stylish and modern look to the area. With its sleek and contemporary design, it adds a touch of elegance and sophistication to any outdoor area. It is also highly efficient in providing efficient lighting, with minimal environmental impact. This solar powered street lighting system is perfect for residential, commercial and industrial locations.

Solar Panel Street Light is a great choice for those who want to have an efficient, reliable and stylish lighting system. With its robust and durable construction, it is sure to provide years of reliable and efficient performance. Solar Panel Street Light is the perfect choice for any outdoor lighting solution, providing a safe, secure and stylish lighting solution.

Features:

Product Name: **Solar Panel Street Light**

Material: **Aluminum Alloy**

Waterproof Level: **IP65**

Battery: **Lithium Battery**

Solar Panel: **Monocrystalline Silicon**

Size: **300*200*50mm**

Special Feature: **Solar Powered Street Lamp, Solar Powered Street Lights, Solar Powered Streetlighting**

Technical Parameters:

Attributes	Details
Product Name	Solar Powered Street Lights
Solar Panel	Monocrystalline Silicon
Size	300*200*50mm
Color Temperature	6000K
Waterproof Level	IP65
Power	20W
Lighting Time	12 Hours
Working Temperature	-20°C-60°C
Lumen	2000lm
Battery	Lithium Battery
Weight	2.5kg

Applications:

Yahua Lighting, a well-known Chinese brand, offers an efficient and reliable Solar Powered Street Lamp solution. Its CE IP65 ROHS ISO certification guarantees quality assurance, and you can enjoy a two-year warranty and a delivery time of 5-8 days. Payment terms include L/C, D/A, D/P, T/T, Western Union and MoneyGram. The 2000lm lumens provide superior brightness and visibility, and the 300*200*50mm size ensures ease of installation.
