Super-Bright Solar LED Street Light With Adjustable Angle

Our Product Introduction

For more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: China
- Brand Name: Yahua lighting
- Certification: CE IP65 ROHS ISO
- Model Number: YHZ-SSL
- Minimum Order Quantity: 1PC
- Price: SD109-115/PC
- Packaging Details: Anti-collision and shatterproof packaging
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 3000pcs/month

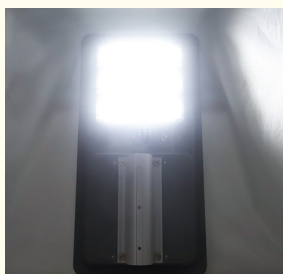

Product Specification

- Light Source: LED
- Working Temperature: -40°C-60°C
- Material: Aluminum Alloy
- Light Distribution: Symmetric/Asymmetric
- Luminous Flux: 11000lm
- Lighting Mode: Motion Sensor, Timer Control
- CRI: Ra>80
- Beam Angle: 120°
- Highlight: Asymmetric Solar Powered LED Street Light, 11000lm Solar LED Street Light

Product Description

Product Description:

Our Solar LED Street Light is a perfect solution for outdoor lighting. It has a wide beam angle of 120° and a color temperature range from 3000K to 6500K, making it suitable for commercial and residential lighting applications. It is certified by CE, RoHS, and FCC, ensuring its safety and reliability. The light distribution is either symmetric or asymmetric, while its working temperature is between -40°C and 60°C. Our Solar Street Lighting System is an automated integrated solar LED light system that is designed to provide efficient and reliable lighting performance for many years. It is a modern alternative to traditional street lighting and is very easy to install and use. The Integrated Solar LED Light System is a great choice for any outdoor lighting project, as it is energy-efficient and cost-effective.

Features:

Product Name: **Solar LED Street Light**
Working Temperature: **-40°C-60°C**
Certification: **CE, RoHS, FCC**
Lighting Mode: **Motion Sensor, Timer Control**
Color Temperature: **3000K-6500K**
Luminous Flux: **3000-18000lm**
Solar Street Lighting Controller
Solar Powered LED Street Light
Solar Street Lighting System

Technical Parameters:

Product name	Super-Bright Solar LED Street Light With Adjustable Angle
Lighting Mode	Motion Sensor, Time Control
IP Rating	IP65
Warranty	3-5 Years
Color Temperature	3000K-6500K
Certification	CE, RoHS
Light Source	LED
Life Span	50,000hrs
Beam Angle	120°
Luminous Flux	3000-18000lm
Working Temperature	-40°C-60°C
Product Name	Solar LED Street Light
Rechargeable	Solar Rechargeable
Power Source	Solar Powered
Integrated	Integrated Solar LED Light

Applications:

Automated Solar LED Street Light from Yahua Lighting is designed to provide brighter and energy-saving illumination for outdoor areas. With its high efficiency solar powered system and optimized light distribution, it can deliver symmetric or asymmetric lighting with a 120° beam angle and a color rendering index (CRI) of Ra>80. It has a Voltage of AC85-265V and is made of aluminum alloy for better heat dissipation. This Solar LED Street Light is certified with CE IP65, ROHS and ISO standards to ensure safe usage for all. The company offers a delivery time of 5-8 days and supply ability of 3000pcs/month. It also accepts different payment terms, such as T/T, Western Union and MoneyGram.

Customization:

Yahua lighting offers customized **Solar LED Street Light** with following features:

Brand Name: Yahua lighting

Model Number: YHZ-120W

Place of Origin: China

Certification: CE IP65 ROHS ISO

Delivery Time: 5-8 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 3000pcs/month

Voltage: AC85-265V

Color Temperature: 3000K-6500K

Lighting Mode: Motion Sensor, Timer Control

Material: Aluminum Alloy

Luminous Flux: 3000-18000lm

Solar Street Lighting Controller: Automatic Solar Street Lighting, Automatic Solar Street Lighting System

Support and Services:

Solar LED Street Light technical support and services include:

24/7 telephone support

Online chat support, zoela@sxyhzm.com

Email support

Remote access support

On-site technical support

Regular maintenance and troubleshooting

Packing and Shipping:

Packaging and Shipping for Solar LED Street Light.

The Solar LED Street Light is shipped to customers in a secure, weather-resistant packaging. The packaging is designed to keep the product safe from any external damage during the transit, while making it easy for the customer to unpack the product easily.

The product is shipped with all the necessary components and instructions. The product is securely packaged in a box with cushioning materials to avoid any damage during the transit.

The shipping charges are calculated based on the customer's location and the size of the product. The shipping is done via a reliable courier service, ensuring the product is delivered on time and safely.
