

150W LED Flood Light AC85-265V 50-hour Lifespan

Product Specification

Beam Angle:	120°
Light Source:	LED
Color Temperature:	3000K-6000K
Package:	Carton Box
Power:	150W
• CRI:	>80
Warranty:	3 Years
Input Voltage:	AC85-265V
 Highlight: 	150W LED Flood Light

Product Description:

Our LED Flood Light is a high quality High Mast Led Flood Light with a power of 150W, a LED light source and a luminous flux of 19500lm. It has an Input Voltage of AC85-265V, and comes packaged in a Carton Box. As a 200W outdoor led flood light, it is the perfect lighting solution for large outdoor spaces. With its superior design and power, this LED Flood Light will provide a long-lasting and reliable lighting solution. Our product is sure to bring your outdoor spaces to life!

Features:

Product Name: LED Flood Light --Lifespan: 50,000hrs Material: Aluminum Input Voltage: AC85-265V IP Rating: IP65 Color Temperature: 3000K-6000K

Technical Parameters:

Parameter	Specification
Material	Aluminum
Warranty	3 Years
Package	Carton Box
Power	150W
Lifespan	50,000hrs
Application	Outdoor
IP Rating	IP65
Color Temperature	3000K-6000K
Dimensions	400*300*50mm
Light Source	LED

Applications:

Yahua Lighting's_YHZ-FL_LED Flood Light is the perfect choice for outdoor lighting applications. This high-efficiency lighting solution is ______ constructed with a durable aluminum housing and a 120° beam angle, providing a wide coverage area and maximum illumination. Featuring 19500 lumens of warm white 4000K light, the YHZ-FL LED Flood Light is ideal for illuminating high mast lighting, parking lots, security lighting, stadiums, and other large outdoor spaces. With an input voltage of AC85-265V, this powerful LED floodlight will provide long-lasting, energy-efficient lighting for many years to come.

Customization:

Yahua lighting provides customers with a unique and customized service for the LED Flood Light YHZ-FL. This product is made of aluminum and provides 19500lm luminous flux with a power of 150W. It has an outdoor waterproof rating of IP66, a color temperature of 4000K warm white, and a lifespan of 50,000hrs. It also has a three-year warranty for optimal customer satisfaction.

Packing and Shipping:

Packaging and Shipping

LED Flood Light will be properly packaged to ensure that it arrives safely. The product will be placed in a box with foam padding around it to prevent any damage or breakage during shipping. The box will also have a label with the product information and a barcode. We use a reputable shipping company to ensure the product reaches its destination quickly and safely. For domestic orders, we will use FedEx, UPS, or DHL. For international orders, we will use DHL Global Mail or USPS.
