

150LM/W Smart Waterproof Outdoor led street light fixture IP66

Our Product Introduction

For more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: Guangdong China
- Brand Name: Yahua lighting
- Certification: EMC, RoHS, CE, LVD
- Model Number: YHZ-SL100W
- Minimum Order Quantity: 1pc
- Packaging Details: Foam + carton plus + wooden case
- Delivery Time: 3-5 days
- Payment Terms: T/T, Western union, Paypal, Credit Card
- Supply Ability: 8000PCS/Month

Product Specification

- Luminous Flux: 150LM/W
- Life Span: 50,000hrs
- Light Source: SMD3030, SMD5050
- Watt: 100W Street Light Fixture
- Voltage: AC85-265V
- Driver: Meanwell
- Color Temperature: 3000K- 6500K
- CRI: >80
- PF: >0.95
- Highlight: Smart Waterproof Outdoor Light IP65,
150LM/W Waterproof Outdoor Light,
Aluminum Intelligent SMD LED Street Light

Product Description

Product Description:

Our Outdoor LED Street Light fixture is a reliable and versatile lighting solution that provides superior lighting performance and lasting reliability. Our street light is equipped with 100W, 150W and 200W, 300W wattage options, offering 150LM/W luminous flux. It is constructed of high quality aluminum alloy material, providing an extended life span and increased sustainability. The lighting is designed to be waterproof IP66, making it suitable for outdoor use in all weather conditions. The Smart Ip66 Waterproof Outdoor light Home and Intelligent Ip65 Parking Lot Lights can be controlled remotely, allowing for easy operation and maintenance. This product offers an improved CRI of greater than 80, providing superior color accuracy and contrast. Our Outdoor LED Street Light is an excellent choice for providing reliable and efficient outdoor lighting.

Features:

- High lumen output: LED street lights fixture provide high levels of brightness for improved visibility.
- Color temperature: LED street lights come in a range of color temperatures for different lighting needs.
- Wattage: LED street lights come in various wattage levels to meet different lighting requirements.
- IP rating: LED street lights have different IP ratings, indicating their level of water and dust resistance.
- CRI: LED street lights have a color rendering index (CRI) that measures how accurately they display colors.
- Mounting options: LED street lights have different mounting options, including pole-mounted, wall-mounted, and ceiling-mounted options.
- Photocell sensors: LED street lights may have built-in photocell sensors that automatically turn them on and off based on ambient light levels.
- Motion sensors: LED street lights may have built-in motion sensors that activate the lights when motion is detected.
- Smart control: LED street lights may be compatible with smart control systems for remote monitoring and control.
- Solar-powered: LED street lights may be powered by solar energy, providing a renewable and sustainable lighting solution.

Technical Parameters:

Parameter	Technical Detail
PF	>0.95
Color Temperature	3000K- 6500K
Input Voltage(V)	AC 85-265V
Lifespan	100000 hours
Luminous Flux	140-150LM/W
Warranty	5 years
Type	Outdoor LED Street Light
Watt	100W
IP Rating	IP66 Waterproof
Light Source	SMD3030,SMD5050

Applications:

Customization:

Customized Outdoor LED Street Light

We offer customized Outdoor LED Street Light with the following features:

Brand Name: High Lumen 3030 Led Street Light

Place of Origin: Guangdong China

Certification: EMC, RoHS, CE, LVD

Minimum Order Quantity: 1

Packaging Details: Foam + Carton Plus + Wooden Case

Delivery Time: 3-5 days

Payment Terms: T/T, Western Union, Paypal, Credit Card

Supply Ability: 10000 PCS/Month

Material: Aluminum Alloy

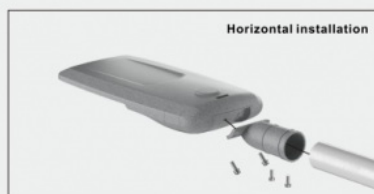

Watt: 100W 150W 200W Street Light

Type: Outdoor LED Street Light

Light Source: SMD3030, SMD5050

Outdoor Lighting Waterproof IP67 300W 200W 100W

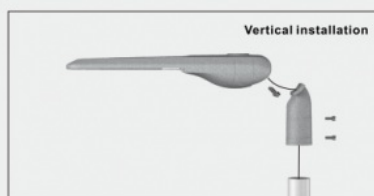

INSTALLATION INSTRUCTIONS

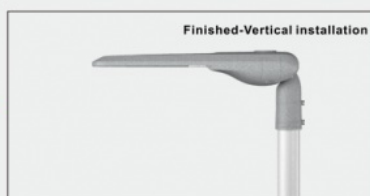

Horizontal installation

Finished-Horizontal installation

Vertical installation

Finished-Vertical installation

Support and Services:

Outdoor LED Street Light provides technical support and services which include: -----

- 24/7 customer support for inquiries and troubleshooting issues
- Regular maintenance and servicing to ensure optimal performance
- Onsite installation and commissioning
- Providing spare parts and components for easy servicing and repair
- Device software and firmware updates
