#### Basic Information

- Place of Origin: China
- Brand Name: Yahua lighting
- Certification: CE, RoHS, IP65, ISO9001
- Model Number: YHZ-HBL
- Minimum Order Quantity: 1
- Price: USD19-49
- Packaging Details: Foam + carton plus + wooden case
- Delivery Time: 3-7days
- Payment Terms: T/T, Wester union, Paypal, Credit Card
- Supply Ability: 8000PCS/Month

#### Product Specification

- Light Source: LED Brand Chips
- Power: 60W, 100W, 150w, 200w, 250w, 300w, 400w Available
- Working Temperature( ): -30-60
- Input Voltage: AC100-277V/ AC85-265V/ AC100-305V
- CRI: >80
- Luminous Flux: 100-160lm/w
- Color Temperature: 3000K/4000K/5000K/6000K
- Beam Angle: 60/90/120°
- Highlight: **Dustproof LED High Bay Fixtures,  
4000K LED High Bay Light,  
Aluminum LED High Bay Light 160lm/w**

## Product Description

### Product Description:

#### Product Description for High Bay Lights

From wattage, lumen output, adjustable beam angles, and color temperatures being adjustable to meet expectations, our high bay lights can be easily installed and kept in perfect condition. A number of mounting options are also included, such as hanging chains, hooks, and brackets.

Our high bay lights are also extremely safe and reliable due to features like overheat protection and surge protection being built-in. Furthermore, they are highly customizable, with options for dimming control and motion sensors to craft the ideal lighting environment.

Overall, with our high bay lights, you can obtain high-quality, dependable lighting that meets the demands of the most demanding spaces.

### Features:

High bay lights features include:

1. **Energy Efficiency:** High bay lights use LED technology, which is energy-efficient and cost-effective. They consume less energy and have a longer lifespan than traditional lighting sources, making them an excellent choice for businesses looking to reduce their energy costs.
2. **Brightness:** High bay lights are designed to provide high levels of brightness in large spaces. They have a high lumen output, which ensures that the light is evenly distributed throughout the area.
3. **Durability:** High bay lights are constructed from high-quality materials that are designed to withstand harsh and demanding environments. They are built to be durable and long-lasting, with features such as surge protection and overheat protection to ensure their reliability.
4. **Customization:** High bay lights come with different options to suit specific lighting requirements. They offer adjustable beam angles and color temperatures, which allow for the creation of the ideal lighting environment for a particular workspace.
5. **Safety:** High bay lights are designed with safety in mind. They have features such as overheat protection and surge protection to ensure their safe operation.
6. **Easy Installation and Maintenance:** High bay lights are easy to install and maintain, with a range of mounting options available. They require minimal maintenance, which reduces maintenance costs and downtime.

In summary, high bay lights are energy-efficient, bright, durable, customizable, safe, and easy to install and maintain. They are an excellent choice for businesses looking for reliable and cost-effective lighting solutions for large spaces.

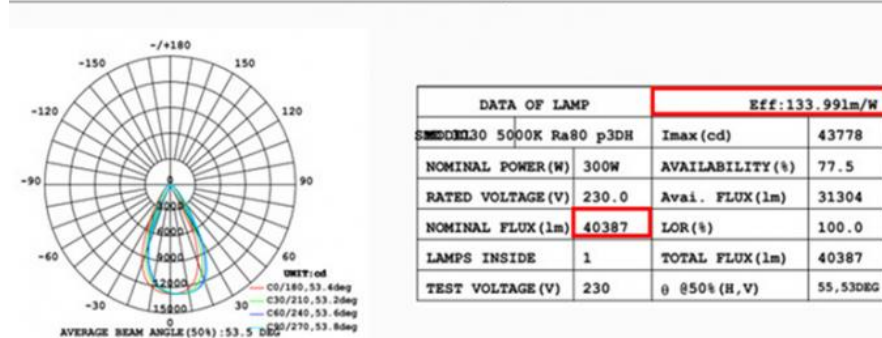

### Technical Parameters:

Property	Details
Luminous Flux	100-160lm/w
Color Temperature	3000K/4000K/5000K/6000K
CRI	>80
Input Voltage	AC100-277V/ AC85-265V/ AC100-305V
Power	60W, 100W, 150w, 200w, 250w, 300w, 400w Available
Beam Angle	60/90/120°
Material	Aluminum
Working Temperature( )	-30-60
Warranty	3Year/5Years
Light Source	LED Brand Chips
Application	Industrial LED Flood Light Fixtures
Manufacturer	Gungdong China
