Applications:

Yahua lighting's YHZ-INL LED indoor lights are designed to meet the needs of a variety of indoor environments, including indoor farming, shops, offices, corridors, exhibitions, sports arenas, and houses. Made in China, the AC85-265V lights come with a wide range of IP ratings, from IP20 to IP65. The lights also offer a color temperature range from 2700K to 6500K, and a lifespan of up to 50,000 hours. They are perfect for indoor spaces, providing bright and energy-efficient illumination. Whether it's for a commercial or residential setting, Yahua lighting's YHZ-INL LED indoor lights will provide the perfect solution.

Customization:

Customized Indoor LED Lights - Yahua Lighting YHZ-INL

Yahua Lighting YHZ-INL Indoor LED Lights provide round wall light indoor, indoor spotlight fixture, and other customized services. Our indoor LED lights are manufactured in China and are rated IP20-IP65 for dust and water resistance. Our lights are available in power from 5W-200W and have a CRI of Ra>80. We offer a 3-5 year warranty on all our products.

Support and Services:

We provide technical support and service for Indoor LED Lights. Our technical support team is available to answer any questions you may have about the product, installation, and troubleshooting. We offer a comprehensive warranty for all our products, and we are committed to providing fast and reliable customer service. We also have an online help centre and video tutorials to help you get the most out of your Indoor LED Lights.

Packing and Shipping:

Packaging and Shipping for Indoor LED Lights

Indoor LED lights are packaged in a box with firm padding material to ensure that the product is not damaged during shipping. The box is then sealed with adhesive tape and labeled with the product name.

The product is shipped via an expedited courier service to ensure that it is delivered to its destination safely and in a timely manner. The courier service provides tracking information so that customers can monitor the progress of their shipment.
