Repairs of LED Flood Light products

Replacement of LED Flood Light products

We are committed to providing the best LED Flood Light technical support and service available. If you have any questions or need help with your LED Flood Light product, please don't hesitate to contact us.

Packing and Shipping:

LED Flood Light Packaging and Shipping: -
The LED flood light is packed in a cardboard box with an anti-static bag inside to protect it from being damaged during delivery. The box is then securely fastened with tape and labeled with the product name, model number, and shipping address. The box is then placed in an outer cardboard box, which is filled with protective cushioning material to prevent any shifting during the shipping process. The outer box is then sealed with additional tape and labeled with the product name, model number, and shipping address.
