## Packing and Shipping:

Packaging and Shipping for LED High Bay Light

The LED High Bay Light is packaged and shipped to customers using a durable corrugated box. The box is designed to protect the LED High Bay Light during transit and ensure it arrives in perfect condition. The box will include all necessary components for the light, including the mounting hardware, power supply and instructions. The box is securely packaged and labeled to reduce the risk of damage due to mishandling.

Shipping is done with a trusted courier service and orders are generally shipped within 72 hours of ordering. Usually, the delivery time is within 7-14 days depending on the customer's location. Customers are notified once the package is shipped.
