Product Description

Product Description:

Modern Waterproof 10w Solar Powered LED Wall Light IP65 Solar Peach Light Outdoor Garden Light is the perfect solution for outdoor lighting applications. It is powered by solar energy and provides more than 12 hours of illumination with a 140° lighting angle and a range of up to 25m. With a color temperature of 6000K, it is suitable for use in a wide range of temperature conditions, from -20 to +60 . Our Integrated Solar Outdoor Light is a highly reliable, energy-efficient lighting system perfect for illuminating walkways, roads, gardens, and other outdoor areas. It is designed to be simple to install, use, and maintain, and it is an excellent choice for providing dependable illumination for long-term outdoor lighting needs. This Integrated Solar Lighting System is an ideal choice for any property that is looking to reduce energy costs and reduce their environmental impact.

1. Solar Charging, polysilicon solar panel, environmentally-friendly, no electricity bill
2. Remote control + automatic light control
3. Peach lampshape, innovative design
4. IP65 Waterproof and dustproof, long lifespan
5. 5730 high-brightness lamp beads, high lumen, wide irradiation range
6. Simple operation and easy installation

Technical Parameters:

Parameters	Details
Product Name	Solar garden Light peach design
Warranty	3 Years
Power	10W
Sensing Distance	10-15m
Working Temperature	-20 ~+60
Battery Capacity	3.2V 6000MAH
Waterproof Level	IP65
Lighting Angle	140°
Solar Panel	Polycrystalline Silicon 6V8W
Luminous Flux	140-150LM/W
Bracket Material	Aluminum Alloy

Also can install on pole

Applications:

Integrated Solar Street Light from Yahua Lighting, model YHZ-SSL, is a popular all-in-one solar lamp specially designed for outdoor lighting while providing sustainable, reliable and cost-effective light sources. Certified by CE IP65 ROHS ISO, Yahua Lighting's Integrated Solar Street Lamp has minimum order quantity of 1 and price from USD105 to 249.
