

1000W Led Solar Security Lights Outdoor Garden Solar Light High Lumen With Motin Sensor

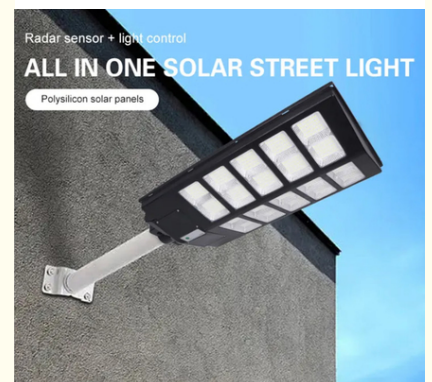

Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Model Number: YHZ-SSL1000W
- Minimum Order Quantity: 1
- Packaging Details: Anti-collision and shatterproof packaging
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 500Pcs/month

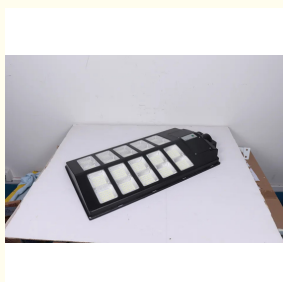

Product Specification

- Color Temperature: 6000K
- Waterproof Level: IP65
- Installation Height: 5-6m
- Warranty: 3 Years
- Working Temperature: -20°C~+60°C
- Material: ABS
- Solar Panel: 6V30W
- Battery Capacity: 3.2V20000MAH
- Highlight: **High Lumen Outdoor Garden Solar Light, 1000W Luminaria Led Solar Security Lights, Garden Solar Integrated Lamp 6000K**

Product Description

Product Description:

Energy-saving and eco-friendly lighting option.
No need for external power sources or electricity bills.
Easy installation and maintenance.
Automatic on/off feature that saves energy.
High-quality LED lights that provide bright and consistent illumination.
Durable and weather-resistant design that can withstand various environmental conditions.
Long lifespan and low maintenance costs.
Wireless remote control for easy operation.
Motion sensor feature that increases security and reduces energy waste.
Multiple lighting modes for customized lighting options.
Solar panel with high conversion efficiency.
Integrated battery with long lifespan and high capacity.
Anti-theft design to prevent vandalism and theft.
Versatile applications, suitable for various outdoor spaces.
No wiring or cabling needed, making it a safe and easy-to-install lighting solution.

Features:

Product Name: **Integrated Solar Street Light**
Power: **1000W**
Solar Panel: **Polycrystalline Silicon**
Installation Height: **5-6m**
Lighting Angle: **140°**
Color Temperature: **6000K**

Technical Parameters:

Parameter	Specification
Light Source	LED
Power	1000W
Solar Panel	polycrystalline Silicon

Parameter	Specification
Lighting Angle	140°
Battery Capacity	3.2V 20000MAH
Installation Height	5-6m
Material	Aluminum Alloy
Warranty	3 Years
Color Temperature	6000K
Working mode	Light sensor+remote control+ motion sensor

Applications:

- Low-profile design that blends seamlessly with the surrounding landscape.
- Energy-efficient lighting option that saves money and reduces carbon footprint.
- High-quality LED lights that provide superior illumination and energy efficiency.
- Easy to install and maintain, with minimal downtime and maintenance requirements.
- Automatic on/off feature that maximizes energy efficiency and reduces waste.
- Motion sensor feature that increases security and reduces energy waste.
- Programmable lighting schedules for greater control and flexibility.
- Wireless remote control for easy operation and customization.
- Multiple lighting modes for customized lighting options.
- Long-lasting battery with high capacity and reliability.
- Anti-theft design that prevents vandalism and theft.
- Versatile applications that can be used in various outdoor spaces.
- No wiring or cabling needed, making it a safe and easy-to-install lighting solution.

Customization:

Integrated Solar Street Light-Yahua Lighting YHZ-SSL

Yahua Lighting YHZ-SSL integrated solar street light is a perfect choice for outdoor lighting. It is powered by monocrystalline silicon solar panel and provides 150W of power. The light source is LED and color temperature is 6000K. The built-in LiFePO4 battery capacity is 25.6V 32Ah/48Ah. It is certified with CE IP65 ROHS ISO and anti-collision and shatterproof packaging is available.

YHZ-SSL is an all-in-one solar lamp, integrated solar street lighting system, and integrated solar lighting system. It provides excellent lighting performance, energy efficiency, and long lasting performance. The minimum order quantity is 1 and the price range is USD105-249. Delivery time is 5-8 days and payment terms are T/T, Western Union, MoneyGram. Supply ability is 500Pcs/month.

Support and Services:

Integrated Solar Street Light provides professional technical support and services.

We offer best-in-class technical service, ranging from pre-sales support to after-sales service.

Our experienced technical team provides customers with industry-leading product, installation, and application support.

We strive to answer all inquiries quickly and effectively.

We also provide professional maintenance services and timely replacement parts for our products.

Packing and Shipping:

Packaging and Shipping for Integrated Solar Street Light

Packaging

Integrated Solar Street Light products are packaged in corrugated boxes with foam or bubble wrap lining. The boxes are designed to support the weight of the products and protect them from damage during transport. The boxes also include detailed product information such as product name, model number, specifications, and other necessary details.

Shipping

Integrated Solar Street Light products are shipped by air, sea, or ground transportation. Depending on your needs and budget, the most suitable shipping method can be chosen. The products are securely fastened in the boxes and shipped to the desired destination.
