## Product Description

### Product Description:

Our Outdoor Solar LED Lights is a perfect choice for homes, businesses, and other outdoor environments. It is powered by solar energy, which makes it a green, cost-saving, and energy-efficient lighting solution. The unit is made of high-quality aluminium alloy, which is waterproof and anti-corrosion, ensuring long-term durability and reliability. It is lightweight and easy to install, and has a unit size of 1260\*425\*160mm and a net weight of 32kg. It takes 6-7 hours to get fully charged under strong sunlight, and can provide up to 10 hours of lighting. With its ISO/CE/ROHS/IP65 certifications, it is the ideal product for solar powered lights, solar powered tube lights, and solar light applications.

### Features:
