Product Description

Product Description:

Our **Solar Panel Street Light** is the perfect solution for illuminating your outdoor areas. Powered by solar energy, the light uses a 120w solar panel to convert the sun's energy into electricity, allowing it to work day and night. This solar light features a **Lithium Battery** that stores the electricity, allowing it to be used for longer periods of time. With **Time Control** mode, the light is designed to turn on and off at specific times, depending on your need. The light is highly durable, with a **Working Temperature** ranging from -20°C to 60°C. Our Solar Powered Street Lights, Solar Panel Road Lights, and Solar Panel Road Lights with Timer are energy efficient, long lasting, and easy to install – making them the perfect choice for your lighting needs.

Features:

Product Name: Solar-Panel Street-Light

Power: 120W

Lighting Mode: Time Control

Battery: Lithium Battery

Light Post: Available

Lighting Time: 12 Hours

Solar Powered Outdoor Lighting

Solar Powered Highway Lights

Solar Panel Road Lights

Technical Parameters:

Property	Mono Solar Panel Commercial Solar Powered Street Light for Outdoor Lighting
Solar Panel	Monocrystalline Silicon
Working Temperature	-20°C-60°C
Waterproof Level	IP65
Lighting Time	12 Hours
Light Post	Available
Battery	Lithium Battery
Material	Aluminum Alloy
Product Name	Solar Panel Street Light
Lumen	12000lm
Color Temperature	5000K-6000K

Applications:

Yahua Lighting's YHZ-SSL Solar Panel Street Light can provide a reliable and efficient lighting solution for a wide variety of applications, such as residential streets, highways, parking lots, parks, courtyards, and even rural areas.
