Mono Solar Panel Yard Street Light With Smd3030 Led Chip

Our Product Introduction

Basic Information

- Place of Origin: Guangdong China
- Brand Name: Yahua Solar Street lighting
- Certification: CE IP65 ROHS ISO
- Model Number: YHZ- SSL
- Minimum Order Quantity: 1
- Price: USD19-149
- Packaging Details: Anti-collision and shatterproof packaging
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 3000pcs/month

Product Specification

- Model Name: All In One Solar Street Lighting
- Panel: Mono Solar Panel
- Warranty: 3-5 Years
- Battery: Lithium Iron Phoshpate Battery
- Lighting Mode: Remote Control+Light Control+Radar Sensor
- IP Rating: IP65 Waterproof
- Color Temperature: 3000K-6500K
- Led Chip: SMD3030
- Highlight: **mono panel solar led street light**,
                              6500K smd3030 solar led street light,
                              SMD3030 led panel street light

Product Description:

The **Solar Rechargeable Street Light** is an automated solar LED street lighting system that is powered by a lithium iron phosphate battery and a mono solar panel. This system offers a wide range of color temperatures from 3000K-6500K, as well as a working temperature range from -40℃ to 60℃. It has an impressive luminous flux of 150lm/w, making it one of the most efficient and reliable solar street lighting solutions available. The automated **Automated Solar LED Street Light** is designed to provide optimal lighting for streets, alleys, and pathways, with minimal maintenance and energy requirements. It is an efficient, cost-effective, and eco-friendly solution for lighting public spaces and providing safety and security for pedestrians and drivers.

Features:

Product Name: Solar LED Street Light
Panel: Mono Solar Panel
Working Temperature: -40℃-60℃
Application: Road , Street , Yard, Park, Garden Etc
Model Name: All In One Solar Street Lighting
Led Chip: SMD3030
Solar Street Lighting Controller
Integrated Solar LED Light
Solar Energy Powered Street Light

Technical Parameters:

Parameter	Value
CRI	Ra>80
Battery	Lithium Iron Phosphate Battery
IP Rating	IP65 Waterproof
Lighting Mode	Remote Control+Light Control+Radar Sensor
Material	Aluminum Alloy
Life Span	50,000hrs
Application	Road, Street, Yard, Park, Garden etc.
Model name	All In One Solar Street Lighting
Certification	EMC, RoHS, CE, FCC, LVD
LED chip	SMD3030

Applications:

Yahua Solar Street lighting is a perfect solution for outdoor lighting needs. This energy-efficient lighting system is powered by solar energy and provides long-lasting, reliable lighting for areas such as streets, parks, pathways, sidewalks, driveways, parking lots and other outdoor spaces. The street lights are equipped with Automatic Solar Street Lighting, Outdoor Solar Street Lighting, and Solar Powered LED Street Light technology, which makes them highly efficient and cost-effective. The lights come with a Lithium Iron Phoshpate Battery and have a Color Rendering Index of Ra>80. The Yahua Solar Street lighting system is easy to install and maintain, and comes with a minimum order quantity of 1 piece. It has a working temperature range of -40℃-60℃ and is certified with EMC, RoHS, CE, FCC, and LVD. The price of the product ranges from USD19-149, and it is packed in anti-collision and shatterproof packaging for safe delivery. The company can supply up to 3000pcs/month and accepts payment through T/T, Western Union, and MoneyGram. The delivery time of the product is 5-8 days.

Support and Services:

Our Solar LED Street Light product comes with technical support and service. We offer a 5-year warranty on the product, as well as 24/7 technical support. Our team is available to answer any questions you may have and provide guidance for installation and maintenance. We also provide free software updates to ensure the product is up-to-date and working properly. In addition, we offer a 30-day money-back guarantee if you are not satisfied with the product.

Packing and Shipping:

Solar LED Street Light Packaging and Shipping:
The Solar LED Street Light is carefully packed in a corrugated box with enough cushioning material to protect the product during shipping. The box is sealed with packing tape and labeled with the product name and description.
The product can be shipped using any standard shipping service such as UPS, FedEx, or USPS. Shipping rates will depend on the destination, weight, and size of the package.
