- Charge Time(by Sun): 6-7hours (with Enough Strong Shine)
- Lamps Material: Aluminium Alloy
- Highlight: **200w led solar lights outdoor waterproof, 3000lm solar tube lights, aluminium alloy solar tube lights**

Product Description

Product Description:

Outdoor Solar LED Lights are the perfect choice for providing energy-efficient lighting with minimal impact on the environment. Featuring a height of 3-5 m, these lights can be easily mounted to any exterior wall or structure. The charge time of 6-7 hours ensures that the lights will be fully powered by the sun's rays when there is enough strong shine. The unit size of 600*350*17mm ensures that it will fit perfectly into any space, while the 120° lighting viewing angle provides wide illumination coverage. Additionally, the light has a net weight of 4.1 kg, making it lightweight and easy to install. With Outdoor Solar LED Lights, you get the perfect combination of energy-saving and environment-friendly lighting, all while being long-lasting and reliable.
