25.6V Battery Capacity 32Ah/48Ah Integrated Solar Lighting 140° Angle

Our Product Introduction

For more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Model Number: YHZ-SSL
- Minimum Order Quantity: 1
- Price: USD105-249
- Packaging Details: Anti-collision and shatterproof packaging
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 500Pcs/month

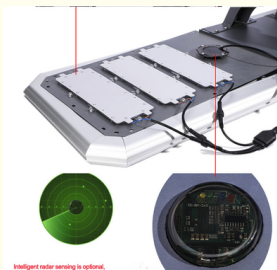

Product Specification

- Solar Panel: Monocrystalline Silicon
- Material: Aluminum Alloy
- Voltage: 25.6V
- Battery Capacity: 25.6V 32Ah/48Ah
- Color Temperature: 6000K
- Lighting Time: More Than 12 Hours
- Sensing Distance: 20-25m
- Waterproof Level: IP65
- Highlight: 32Ah Integrated Solar Lighting, 140° Angle Integrated Solar Lighting, 48Ah Integrated Solar Lighting

Product Description

Product Description:

Integrated Solar Street Light is a revolutionary all-in-one integrated solar lighting system. It is equipped with high efficiency luminaire, which provides a superior lighting performance with a luminous flux of 150-160LM/W. Its aluminum alloy material body and 140° lighting angle make it an ideal choice for efficient and reliable lighting. Besides, this integrated solar lighting system has a color temperature of 6000K and a 3-year warranty to ensure its long-term operation in outdoor environment.

Features:

Product Name: **Integrated Solar Street Light**

Voltage: **25.6V**

Color Temperature: **6000K**

Power: **150W**

Light Source: **LED**

Lighting Angle: **140°**

Technical Parameters:

Parameter	Value
Lighting Time	More Than 12 Hours
Working Temperature	-20°C~+60°C
Luminous Flux	150-160LM/W
Waterproof Level	IP65
Sensing Distance	20-25m
Material	Aluminum Alloy
Lighting Angle	140°
Warranty	3 Years
Color Temperature	6000K
Light Source	LED

Applications:

This light is incredibly versatile and can be put to various uses. For example, it can come in handy on a camping trip, providing much needed illumination during the night. Another useful application would be in the event of a power outage, giving you the ability to still have light in your home. Lastly, it can also give readers of books added comfort when reading in a dimly lit room.

Support and Services:

Integrated Solar Street Light Technical Support and Service

We offer comprehensive technical support and service for our integrated solar street light products. Our experienced and well-trained technicians are available to provide assistance whenever needed. We provide repair services for any technical issues that arise with the product, as well as help with installation, maintenance, and troubleshooting.

We also offer a wide range of additional services, such as remote monitoring and diagnostics, custom configuration, and on-site training. Our team of experts can provide customized solutions for any application to ensure that your integrated solar street light system is working as efficiently and effectively as possible.

We strive to provide the best customer service possible, and are committed to providing the highest quality of support and service for our integrated solar street light products. If you have any questions or concerns, please don't hesitate to get in touch with us.

Packing and Shipping:

Packaging and Shipping

Integrated Solar Street Lights are packaged with bubble wrap and a cardboard box to ensure that they are protected during shipping. The box should be sealed with tape to ensure that the product is not damaged during transit. The package should also be labeled with the company logo, product name, and a description of what is inside. It should also include the delivery address, contact information, and any special instructions.

Integrated Solar Street Lights are usually shipped via ground, air, or sea depending on the requirements of the customer. The shipping company should provide tracking numbers and insurance to ensure that the product is delivered safely. Customers should also be informed of the estimated shipping time and any additional fees associated with the shipment.
