

150W Integrated Solar Street Light 25.6V 32Ah/48Ah IP65

Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Model Number: YHZ-SSL
- Minimum Order Quantity: 1
- Price: USD105-249
- Packaging Details: Anti-collision and shatterproof packaging
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 500Pcs/month

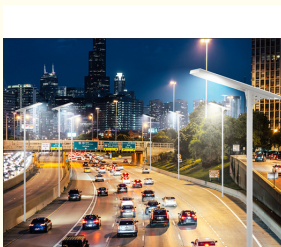

Product Specification

- Voltage: 25.6V
- Working Temperature: -20°C~+60°C
- Light Source: LED
- Waterproof Level: IP65
- Luminous Flux: 150-160LM/W
- Solar Panel: Monocrystalline Silicon
- Sensing Distance: 20-25m
- Material: Aluminum Alloy
- Highlight: 32Ah Integrated Solar Street Light,
150W Integrated Solar Street Light,
25.6V Integrated Solar Street Light

Product Description

Product Description:

;

Features:

Product Name: Integrated Solar Street Light

Material: Aluminum Alloy

Sensing Distance: 20-25m

Lighting Angle: 140°

Power: 150W

Battery Capacity: 25.6V 32Ah/48Ah

Keywords: Solar Powered Outdoor Light, Solar Powered Street Lamp, All-in-one Solar Street Light

Technical Parameters:

Parameter	Value
Power	150W
Color Temperature	6000K
Solar Panel	Monocrystalline Silicon
Installation Height	9-12m
Sensing Distance	20-25m
Working Temperature	-20°C~+60°C
Luminous Flux	150-160LM/W
Voltage	25.6V
Material	Aluminum Alloy
Light Source	LED

Applications:

The **light** can be used in a variety of scenarios. It can be used in commercial places, such as shops, restaurants, or cafes. It is also useful in residential homes, as it can brighten up any room. It is even suitable for outdoor spaces, such as your garden, patio, or balcony.

Furthermore, the light can even enhance the atmosphere of a special event, such as a wedding, birthday party, or seminar.

Its adjustable designs make **this light** an adaptable asset to any area. It can be hung from the ceiling or placed on a stand, giving you a great degree of choice. It is also light in weight, meaning it can be quickly and easily moved from one area to another for extra flexibility.

Support and Services:

Integrated Solar Street Light Technical Support and Service

Our Integrated Solar Street Light products come with professional technical support and services. Our team of experts is available to answer any questions you may have about installation, operation, and maintenance of your solar street light system. We also provide system monitoring to ensure optimal performance and to spot any potential issues.

For more in-depth technical assistance, our team of engineers can provide remote troubleshooting services. We also offer regularly scheduled maintenance services to keep your system running smoothly and to extend the life of your system.

We also provide repair services for damaged or malfunctioning solar street light systems. Our team of technicians can quickly assess and repair any problems you may be having with your system.

Packing and Shipping:

Integrated Solar Street Light Packaging and Shipping: -----
The Integrated Solar Street Light will be packaged in a strong cardboard box. The box will be filled with foam to protect the light during shipping. The box will be clearly labeled with the product name, product model, and weight. The package will then be sealed and shipped via a reliable shipping carrier.
