

## 355MPA Minimum Yield Strength LED Street Light Pole With Inner Flange Joint

### Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Model Number: YHZ-SLP
- Delivery Time: 5-8 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

### Product Specification

- Surface Treatment: Hot Dip Galvanized, Powder Coating
- Joint Of Poles: Insert Mode, Inner Flange Mode, Face-to-face Joint Mode
- Wind Speed: Against Wind Pressure Of 100 Km/h To 180 Km/h
- Warranty: 20 Years+
- Minimum Yield Strength: 355MPA
- Ground-mounted: Buried
- Max Ultimate Tensile Strength: 620MPA
- Installation Height: 4-12m
- Highlight: Hot Dip Galvanized Street Light Post, 355MPA LED Street Light Pole, Inner Flange Joint Street Light Pole

## Product Description

### Product Description:

Our LED Street Light Pole is designed to provide efficient and reliable lighting for outdoor applications. This product is made of hot dip galvanized steel with a wall thickness of 4mm-4.5mm, making it highly resistant to corrosion and weathering. It is further treated with powder coating to ensure a long life and superior performance. Our poles are expertly welded to the international welding standard of CWB to ensure maximum durability and strength. With a wide range of installation heights, from 4-12m, this product is suitable for many applications. Solar Panel Street Lamp Post, Solar Power Street Light Pole, Galvanised Street Light Pole, and Street Light Poles are an excellent choice for outdoor lighting. Shipping time is 3-7 days.

### Features:

Product Name: LED Street Light Pole  
Surface Treatment: Hot Dip Galvanized, Powder Coating  
Wind Speed: Against Wind Pressure Of 100 Km/h To 180 Km/h  
Mast Assembly: No Welding On Site/Slip Joint  
Minimum Yield Strength: 355MPA  
Welding: Welding Confirms With The International Welding Standard Of CWB  
Solar Power Street Light Pole  
Galvanised Street Light Pole  
Powder Coated Street Light Pole

### Technical Parameters:

| Parameter                         | Description                                                     |
|-----------------------------------|-----------------------------------------------------------------|
| Customized service                | Available                                                       |
| Installation height               | 4-12m                                                           |
| Max ultimate tensile strength     | 620MPA                                                          |
| Mast assembly                     | No Welding On Site/slip Joint                                   |
| Minimum ultimate tensile strength | 490MPA                                                          |
| Ground-mounted                    | Buried                                                          |
| Welding                           | Welding Confirms With The International Welding Standard Of CWB |
| Wall thickness                    | 4mm-4.5mm                                                       |
| Surface treatment                 | Hot Dip Galvanized, Powder Coating                              |
| Wind speed                        | Against Wind Pressure Of 100 Km/h To 180 Km/h                   |

### Applications:

Yahua Lighting's YHZ-SLP LED Street Light Pole is a galvanized street light pole that is produced in China, certified by CE, IP65, ROHS, ISO, and has a delivery time of 5-8 days. It has various payment terms including L/C, D/A, D/P, T/T, Western Union, MoneyGram. It features three joint modes: Insert Mode, Inner Flange Mode, and Face-to-face Joint Mode. It is shipped within 3-7 days and can withstand wind speeds of up to 180 km/h. It has a wall thickness of 4mm-4.5mm and a minimum ultimate tensile strength of 490MPA.

### Customization:

Yahua Lighting YHZ-SLP LED Street Light Pole Customized Services

Yahua Lighting offers custom-made LED Street Light Pole services for their YHZ-SLP product. This custom-made LED Street Light Pole is certified with CE, IP65, ROHS, and ISO standards. It features a no-welding-on-site/slip joint mast assembly and welding that conforms to the international welding standard of CWB. The pole is available in wall thicknesses of 4mm-4.5mm and can be ground-mounted or buried. It also features three joint modes: insert mode, inner flange mode, and face-to-face joint mode. Delivery time is 5-8 days, and

payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram.  
This custom-made LED Street Light Pole is made of hot-dip galvanised steel and is ideal for solar power street lights. It is highly durable and can withstand harsh weather conditions.

### Support and Services:

LED Street Light Pole Technical Support and Service

We offer a wide range of technical support and service for LED Street Light Pole, including:

Installation and setup

Troubleshooting and repair

Remote and on-site technical assistance

Software and firmware updates

Comprehensive warranty coverage

If you have any questions or need help with your LED Street Light Pole, please contact us. Our experienced customer service team is here to help.

### Packing and Shipping:

Packaging and Shipping for LED Street Light Pole:

The LED Street Light Pole is securely packaged in cardboard boxes, bubble wrap and foam for protection during shipping.

The LED Street Light Pole is shipped with standard ground shipping, and generally takes 5-7 business days to arrive.

### FAQ:

Q: What is Yahua Lighting's LED Street Light Pole?

A: Yahua Lighting's LED Street Light Pole (Model Number YHZ-SLP) is a high-performance outdoor lighting product that is manufactured in China and is certified with CE IP65 ROHS ISO.

Q: How long is the delivery time?

A: The delivery time is generally 5-8 days.

Q: What payment terms are available?

A: Yahua Lighting accepts payment terms such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Q: Is Yahua Lighting's LED Street Light Pole waterproof?

A: Yes, Yahua Lighting's LED Street Light Pole is waterproof and certified with CE IP65 ROHS ISO.

Q: Does Yahua Lighting provide any warranty for their LED Street Light Pole?

A: Yes, please contact Yahua Lighting directly for more information on warranty policies.
