6m 8m 12m Hot Dip Galvanized Single Arm Metal Steel Street Light Pole Lamp Post With Factory Price

Our Product Introduction

For more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Model Number: YHZ-SLP
- Delivery Time: 5-8 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

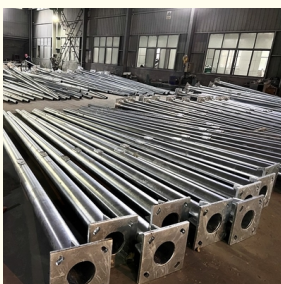

Product Specification

- Joint Of Poles: Insert Mode, Inner Flange Mode, Face-to-face Joint Mode
- Installation Height: 4-12m
- Customized Service: Available
- Minimum Yield Strength: 355MPa
- Welding: Welding Confirms With The International Welding Standard Of CWB
- Design Of Pole: Against Earthquake Of 8 Grade
- Minimum Ultimate Tensile Strength: 490MPa
- Max Ultimate Tensile Strength: 620MPa
- Highlight: Galvanized LED Street Light Pole, Hot Dip Galvanized Lamp Post,

Product Description

Product Description:

LED Street Light Pole offers a variety of joint options, including Insert Mode, Inner Flange Mode, and Face-to-face Joint Mode. With a minimum ultimate tensile strength of 490MPA, and a minimum yield strength of 355MPA, it is strong enough for most applications. Plus, customized service is available to meet specific needs. The delivery time is fast, usually 3-7 days. This Solar Panel Street Lamp Post is made of Galvanised Street Light Pole, ensuring high corrosion resistance and long service life. You can also customize your own Street Light Pole to fit your specific needs.

Features:

Product Name: LED Street Light Pole

Welding: Welding Confirms With The International Welding Standard Of CWB

Mast assembly: No Welding On Site/slip Joint

Ground-mounted: Buried

Joint of poles: Insert Mode, Inner Flange Mode, Face-to-face Joint Mode

Wind speed: Against Wind Pressure Of 100 Km/h To 180 Km/h

Solar Power Street Light Pole, Solar Panel Street Lamp Post, Galvanised Street Light Pole

Technical Parameters:

Parameters	Details
Minimum ultimate tensile strength	490MPA
Warranty	20 Years+
Ground-mounted	Buried
Wind speed	Against Wind Pressure Of 100 Km/h To 180 Km/h
Mast assembly	No Welding On Site/slip Joint
Surface treatment	Hot Dip Galvanized, Powder Coating
Max ultimate tensile strength	620MPA
Customized service	Available
Joint of poles	Insert Mode, Inner Flange Mode, Face-to-face Joint Mode
Installation height	4-12m
Product type	Galvanised Street Light Pole, Solar Panel Street Lamp Post, Solar Panel Street Lamp Post, Street Lighting Pole, Street Lamp Post, Street Light Pole

Applications:

The **Yahua Lighting YHZ-SLP** LED Street Light Pole is a solar power street light pole with a galvanised finish, designed to meet the highest standards of quality and safety. Certified with CE IP65 ROHS ISO and with a minimum ultimate tensile strength of 490MPA, the YHZ-SLP is designed to withstand earthquakes of 8 grade. With 5-8 days delivery time, the YHZ-SLP is available for purchase with payment terms of L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Customized service is available, and with a 20-year warranty, the YHZ-SLP provides a long-lasting, reliable solution for street lighting. The YHZ-SLP has three joint modes, including insert mode, inner flange mode, and face-to-face joint mode.

Customization:

Yahua Lighting offers customised LED Street Light Pole services with the following specifications:

Brand Name: Yahua Lighting

Model Number: YHZ-SLP

Place of Origin: China
Certification: CE IP65 ROHS ISO
Delivery Time: 5-8 days
Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
Wall thickness: 4mm-4.5mm
Minimum ultimate tensile strength: 490MPA
Design of pole: Against Earthquake Of 8 Grade
Shipping time: 3-7 Days
Installation height: 4-12m
Special Features: Galvanised Street Light Pole, Solar Panel Street Lamp Post, Galvanised Street Light Pole

Support and Services:

Technical Support and Service for LED Street Light Pole

Our LED Street Light Pole comes with a comprehensive technical support and service package that is designed to ensure maximum efficiency and performance for the life of the product. Our service package includes:

24/7 phone and email support to answer any questions about the product

On-site installation and repair services

Regular maintenance to ensure optimal performance

Extended warranties for added protection

Access to a library of product manuals and tutorials

Packing and Shipping:

Packaging and Shipping of LED Street Light Pole

LED street light poles are packaged in a corrugated box or a wooden crate, depending on the size and weight of the product. The box is padded and secured to ensure the product is safe during transit. All packaging materials used are environmentally friendly and biodegradable.

Street light poles are shipped via air, land, and sea freight, depending on the size of the order. Our team of experienced logistics professionals ensure that all orders are shipped on time to their respective destinations. All shipments are tracked and monitored until they reach their final destination.

FAQ:

- ▶ Q: What is the brand name of the LED Street Light Pole?
- ▶ Q: What is the model number of the LED Street Light Pole?
- ▶ Q: Where is the LED Street Light Pole made?
- ▶ Q: What certifications does the LED Street Light Pole have?
- ▶ Q: What payment terms are accepted for the LED Street Light Pole?
