User manuals

Packing and Shipping:

Packaging and Shipping for LED High Bay Light

LED high bay light comes with a package for shipping, which includes packaging material, such as foam and cardboard boxes. Each box contains one LED high bay light, and is secured with bubble wrap and packing tape. The boxes are then placed into larger cardboard shipping boxes to ensure that the product is safe and secure during transit.

The shipping boxes are then labeled with the customer's address and the shipment's contents. The boxes are then loaded onto a truck for delivery. The LED high bay light will arrive at the customer's door in perfect condition.
