## Product Description

### Product Description:

Our 200w Outdoor Lamp IP65 Waterproof LED Flood Light is the perfect solution for brightening up squares, farms, schools, parks, and stadiums. Made of high-quality aluminum material, this light is designed for long-term use and is IP66-rated for maximum protection against dust and water damage. With a color temperature range of 2700k-6000k, you can achieve the perfect lighting atmosphere for your outdoor environment. Also, it has a luminous flux of 30000lm for a powerful and bright illumination.

The floodlight is designed with an adjustable bracket, allowing for flexible installation and precise light direction. This feature enables users to easily adjust the angle of the light beam according to their specific lighting needs.

High-efficiency polycrystalline solar panels for shorter charging times and higher charging efficiency in low-light environment. It can also be charged in rainy weather. The light is fully charged for about 5-8 hours.

So, no matter what your outdoor lighting needs may be, you can count on us to provide you with the perfect solution.
