Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Model Number: YHZ-SSL
- Minimum Order Quantity: 1
- Price: USD105-249
- Packaging Details: Anti-collision and shatterproof packaging
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 500Pcs/month

Product Specification

- Lighting Angle: 140°
- Installation Height: 9-12m
- Material: Aluminum Alloy
- Sensing Distance: 20-25m
- Light Source: LED
- Color Temperature: 6000K
- Solar Panel: Monocrystalline Silicon
- Lighting Time: More Than 12 Hours
- Highlight: Shatterproof Integrated Solar Light,
6000K Integrated Solar Light,
LED Solar Integrated Lamp 25.6V

Product Description

Product Description:

Integrated Solar Street Light

The integrated solar street light is a revolutionary lighting system that is powered by solar energy and uses the latest in solar technology. It has a voltage of 25.6V, a lighting angle of 140°, and a luminous flux of 150-160LM/W, with a color temperature of 6000K. It also has a maximum installation height of up to 9-12m, making it perfect for lighting up wide areas.

The integrated solar street light is an all-in-one solar lighting solution that requires no additional wiring or electrical connections. It is an energy-efficient, cost-effective, and environmentally-friendly alternative to traditional street lighting systems. By utilizing renewable solar power, the integrated solar street light helps reduce energy consumption and carbon dioxide emissions, while also providing reliable illumination for long-term lighting applications.

The integrated solar street light is a reliable and efficient lighting system that can be quickly and easily installed, with minimal maintenance requirements. It is designed to be durable and dependable, and can provide illumination for a wide range of applications, including residential, commercial, and industrial settings.

The integrated solar street light is an advanced lighting solution that can provide reliable illumination for years to come. It is a cost-effective and eco-friendly lighting solution that can help reduce energy consumption and CO2 emissions, while also providing reliable illumination for a variety of settings.

Features:

Product Name: **Integrated Solar Street Light**

Lighting Angle: **140°**

Luminous Flux: **150-160LM/W**

Battery Capacity: **25.6V 32Ah/48Ah**

Power: **150W**

Lighting Time: **More Than 12 Hours**

Technical Parameters:

| Parameter | Details |
|---------------------|-------------------------|
| Lighting Angle | 140° |
| Installation Height | 9-12m |
| Voltage | 25.6V |
| Color Temperature | 6000K |
| Battery Capacity | 25.6V 32Ah/48Ah |
| Working Temperature | -20°C~+60°C |
| Luminous Flux | 150-160LM/W |
| Warranty | 3 Years |
| Solar Panel | Monocrystalline Silicon |
| Lighting Time | More Than 12 Hours |

Applications:

The YHZ-SSL Integrated Solar Street Light from Yahua Lighting is a reliable outdoor lighting option that provides illumination through its all-in-one solar lamp. This integrated solar lighting system is a fully self-contained solar power solution for street lighting. It has a CE IP65 ROHS ISO certification and a minimum order quantity of 1. The price ranges from USD105-249 and is shipped in anti-collision and shatterproof packaging. Delivery time is 5-8 days and payment can be made through T/T, Western Union or MoneyGram. The supply ability is 500Pcs/month and it has a 140° lighting angle. The light source is LED and it has a working temperature of -20°C~+60°C. It has a battery capacity of 25.6V 32Ah/48Ah and power of 150W.

Support and Services:

Integrated Solar Street Light offers a comprehensive technical support and service package for customers. This includes pre-sale support, installation assistance, after-sale technical support, and regular maintenance services.

For pre-sale support, our team of experienced engineers can provide customers with detailed product information and assistance with product selection. We can also offer customized solutions to meet the customer's specific project requirements.

For installation assistance, our team of experienced technicians can provide detailed instructions on the correct installation and operation of the Integrated Solar Street Light. We can also provide on-site assistance, if needed.

For after-sale technical support, our customer service center is available 24/7 to respond to customer inquiries and provide technical advice. We can also provide remote access services for troubleshooting and repairs.

Finally, we offer regular maintenance services for Integrated Solar Street Lights. This includes regular inspection and cleaning of the system, as well as troubleshooting and repairs. Our experienced technicians can also provide advice on system upgrades, if needed.

Packing and Shipping:

Packaging and Shipping of Integrated Solar Street Light

Integrated Solar Street Light products are safely packaged and shipped in durable cardboard boxes. All necessary parts and components are securely placed inside the box. The box is designed to protect the product against impact, dust, and moisture.

The box is labeled with all the necessary information, including product name, model number, quantity, weight, etc., for easy identification.

The box is sealed properly to prevent any kind of damage or leakage during transportation.

The shipping carrier and method are selected based on the customer's needs and requirements. To ensure safe and timely delivery of the product, we use reliable shipping carriers like FedEx, DHL, UPS, etc.

FAQ:

Q1: What is the brand name of this Integrated Solar Street Light?

A1: The brand name of this Integrated Solar Street Light is Yahua Lighting.

Q2: What is the Model Number of this Integrated Solar Street Light?

A2: The Model Number of this Integrated Solar Street Light is YHZ-SSL.

Q3: Where is this Integrated Solar Street Light manufactured?

A3: This Integrated Solar Street Light is manufactured in China.

Q4: What is the certification of this Integrated Solar Street Light?

A4: This Integrated Solar Street Light is certified with CE IP65 ROHS ISO.

Q5: What is the minimum order quantity for this Integrated Solar Street Light?

A5: The minimum order quantity for this Integrated Solar Street Light is 1.
