

Outdoor IP66 Waterproof 100W 200W 300W LED Street Light Die-Cast Aluminum Light 150LM/W

Our Product Introduction

For more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: Guangdong China
- Brand Name: high Lumen Led street light
- Certification: EMC, RoHS, CE, LVD
- Model Number: YH-SL
- Minimum Order Quantity: 10
- Price: USD19-49
- Packaging Details: Foam + carton plus + wooden case
- Delivery Time: 3-7days
- Payment Terms: T/T, Western union, Paypal, Credit Card
- Supply Ability: 8000PCS/Month

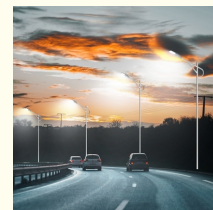

Product Specification

- Type: Outdoor LED Street Light
- Input Voltage(V): 100V-277VAC (± 10%)
- Life Span: 50,000hrs
- Output: 24-54VDC, 50/60Hz
- CRI: >80
- Battery: 3 Years
- IP Rating: IP66 Waterproof
- CCT: 3000K-6000K
- Luminous Efficiency: 150Lm/w
- Beam Angle: 70,140
- Highlight: Outdoor IP66 Waterproof LED Street Light,
Outdoor 200w LED Flood Lights,
Aluminum 300w Solar Street Light

Product Description

Our Product Introduction

Best Selling Outdoor IP66 Waterproof 100W 200W 300W LED Street Light Die-Cast Aluminum Light 150LM/W

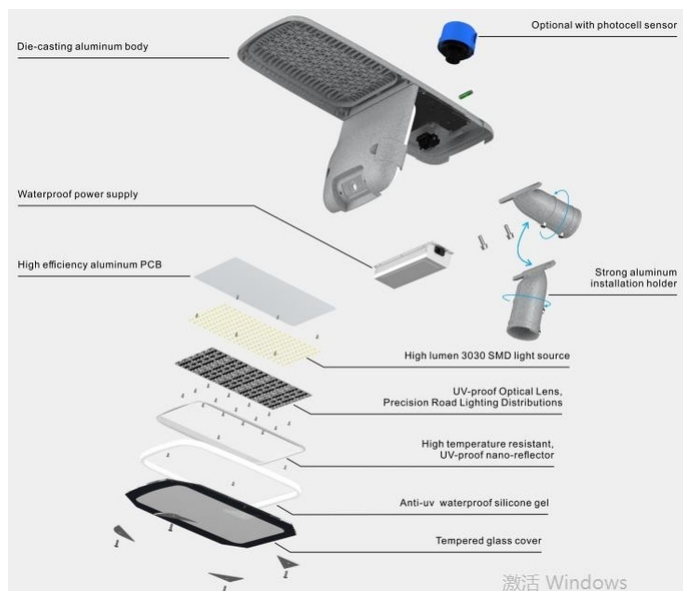

Product Description:

Our Outdoor LED Street Light is designed for outdoor lighting applications such as streets, roads, highways, parking lots, parks and pathways. It is waterproof with a IP67 rating, making it suitable for all weather conditions, and its wattage is available in 300w, 200w, and 100w. This light offers superior illumination, with a CRI of >80 and 50,000 hours of life, making it an energy-efficient and long-lasting choice for outdoor lighting.

In addition, the Outdoor LED Street Light is designed with an IP65 rating to ensure its protection against dust and water. It also features an output of 24-54VDC and 50/60Hz, making it an ideal choice for outdoor lighting. With its superior lighting performance and waterproof design, the Outdoor LED Street Light is the perfect choice for any outdoor lighting application.

Features:

Product Name: Outdoor LED Street Light

Light Source: SMD3030,SMD5050
Battery: 3 Years
Watt: 100W 150W 200W Street Light
Input Voltage(V): AC 85V-265V (± 10%)
Type: Outdoor LED Street Light
Quality: Led Street Light IP66 Waterproof City Electric AC LED Street Light
Features: 100W Outdoor Road Lamp Energy Saving
Special Feature: Adjustable Outdoor Aluminium SMD Street Lighting LED Luminares 150W Price

Technical Parameters:

Parameter	Specification
Light Source	3030-6V-1W LED Chip
Luminous Flux	150LM/W
Line Diameter	3*0.75 0.3M
IP Rating	IP66 Waterproof
CRI	>80
Life Span	50,000hrs
Watt	100W 200W 300W Street Light
Type	Outdoor LED Street Light
Color Temperature	3000K- 6500K
Material	Die- cast Aluminum

Applications:

Energy Efficiency: LED street lamps are highly energy-efficient compared to conventional lighting options. They can convert electrical energy into light with minimal energy wastage, resulting in significant energy savings. This translates to reduced electricity consumption and lower electricity bills for municipalities and governments.

Long Lifespan: LED lamps have a much longer lifespan compared to traditional street lighting, such as high-pressure sodium lamps or metal halide lamps. On average, LED street lamps can last up to 50,000 to 100,000 hours, significantly reducing maintenance costs and the frequency of lamp replacements.

Cost Savings: Although LED street lamps have a higher upfront cost compared to traditional lighting options, their long lifespan and energy efficiency can lead to substantial cost savings in the long run. The reduced energy consumption and maintenance requirements can offset the initial investment over time.

Environmentally Friendly: LED lighting produces significantly lower greenhouse gas emissions compared to traditional lighting technologies. LED lamps do not contain hazardous substances like mercury, making them more environmentally friendly. Additionally, their energy efficiency reduces overall electricity demand, contributing to a lower carbon footprint.

Improved Visibility and Safety: LED lighting provides high-quality, uniform illumination, enhancing visibility and safety on the streets. LED lamps can produce a more directed and focused light, reducing light pollution and minimizing glare. They also offer better color rendering, allowing for accurate color perception and recognition.

Smart Lighting Capabilities: LED street lamps can be integrated with smart lighting systems. This flexibility and design: LED street lamps come in various shapes and sizes, providing flexibility in design and installation. They can be easily customized to meet different lighting requirements, such as street width, footpaths, or specific urban design considerations.

In summary, LED lighting street lamps offer numerous benefits such as energy efficiency, long lifespan, cost savings, environmental friendliness, improved visibility, and the potential for smart lighting applications. These advantages make LED street lamps a compelling choice for municipalities and governments aiming to upgrade their street lighting infrastructure.

Customization:

Outdoor LED Street Light

Brand Name: High Lumen Led Street Light

Model Number: YH-SL

Place of Origin: Guangdong China

Certification: EMC, RoHS, CE, LVD

Minimum Order Quantity: 10

Price: USD19-49

Packaging Details: Foam + carton plus + wooden case

Delivery Time: 3-7 days

Payment Terms: T/T, Wester union, Paypal, Credit Card

Supply Ability: 8000PCS/Month

Type: Outdoor LED Street Light

Output: 24-54VDC, 50/60Hz

Battery: 3 Years

Color Temperature: 3000K- 6500K

Line Diameter: 3*0.75 0.3m

Features:

Outdoor Lighting Waterproof IP67 300w 200w 100w

Smart IP65 Waterproof Outdoor Light Home

Energy Street Lights Road Lighting

Support and Services:

We offer technical support and services for Outdoor LED Street Light. Our technical support team is available to answer any questions and provide solutions to any issues that may arise. Our team is comprised of experienced professionals with expertise in LED technology and are committed to providing excellent customer service. We can provide troubleshooting and guidance on installation, maintenance, and repair. We also offer a comprehensive warranty and extended service contracts.

Packing and Shipping:

Outdoor LED Street Light Packaging and Shipping:

The product is securely packaged in a cardboard box.

The box is filled with a protective foam to cushion the product during transit.

The box is sealed with tape to prevent tampering and ensure the product remains intact during shipping.

The product is shipped via a reliable courier service.

FAQ:

Q1: What is the brand name of this Outdoor LED Street Light?

A1: The brand name of this Outdoor LED Street Light is "High Lumen Led street light".

Q2: What is the Model Number of this Outdoor LED Street Light?

A2: The Model Number of this Outdoor LED Street Light is "YH-SL".

Q3: Where is this Outdoor LED Street Light made?

A3: This Outdoor LED Street Light is made in Guangdong, China.

Q4: What certifications does this Outdoor LED Street Light have?

A4: This Outdoor LED Street Light has EMC, RoHS, CE, and LVD certifications.

Q5: What is the minimum order quantity for this Outdoor LED Street Light?

A5: The minimum order quantity for this Outdoor LED Street Light is 10.
