Solar Energy System With UPS For Outdoor Camping Portable Power Bank Solar Generator

Our Product Introduction

For more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Yahua Lighting
- Model Number: YHZ-SPS

Product Specification

- Working Temperature: -20°C~60°C
- Controller: MPPT
- Warranty: 10 Years
- Inverter: Pure Sine Wave
- Type: Solar Power System
- Voltage: 12V/24V
- Application: Home/ Commercial/ Industrial
- Waterproof Level: IP65
- Highlight: **24V Portable Power Bank Solar Generator, MPPT Portable Solar Generator**

Product Description

Product Description:

Solar Power System is an excellent off grid solar electricity system for residential and commercial use. It features a pure sine wave inverter and LCD display, and is available in 12V/24V configurations. This solar electrical system is designed for long-term durability and comes with a 10-year warranty, offering a reliable and powerful solar energy solution for your home or business.

With Solar Power System, you can harness the power of the sun and enjoy clean, renewable energy. The system is designed to be easy to install and maintain, so you can enjoy worry-free solar electricity for years to come. Whether you're looking to save on your electricity bills or reduce your carbon footprint, Solar Power System is the perfect solar power system for your needs.

Features:

Solar Photovoltaic Power System: Solar Power System

Inverter: Pure Sine Wave

Size: Customized

Display: LCD Display

Power: 1000W

off grid solar system: Solar Power System

Photovoltaic Electricity System: Solar Power System

Battery: Lithium Battery

Technical Parameters:

Parameter	Details
Off Grid Solar System	Yes
Hybrid Solar System	Yes
Solar Electricity System	Yes
Warranty	10 Years
Waterproof Level	IP65
Application	Home/ Commercial/ Industrial
Power	1000W
Voltage	12V/24V
Type	Solar Power System
Battery	Lithium Battery
Size	Customized
Controller	MPPT
Inverter	Pure Sine Wave

Applications:

Yahua Lighting offers a high-quality **Solar Photovoltaic Power System** (YHZ-SPS), which is ideal for generating solar electricity. It is equipped with a MPPT (Maximum Power Point Tracking) controller, and features an LCD Display to provide information about the system's status. With a working temperature range of -20°C to 60°C, this **Solar Electrical System** is designed for use in a variety of climates. The voltage can be adjusted to 12V or 24V according to the customer's needs, and it comes with a 10-year warranty for added assurance. This **Solar System** is perfect for those looking to generate their own solar photovoltaic electricity.

Customization:

Yahua Lighting offers custom-made Solar Electrical Systems with a brand name YHZ-SPS. Our hybrid solar system is designed to work

in extreme temperature conditions, ranging from -20°C to 60°C. It is equipped with a Lithium Battery and MPPT controller, and is available in either 12V or 24V voltage. We provide high-efficiency and reliable Solar Electrical Systems with excellent quality.

Support and Services:

We provide world-class technical support and service for Solar Power System. Our team comprises of experienced technicians with expertise in installation, repair and maintenance, and are on call 24 hours a day, 7 days a week. We also provide a comprehensive warranty for our products, to ensure you are fully satisfied with our services.

We provide a range of services, including:

Installation services

Repair and maintenance services

On-site technical support

Online troubleshooting and technical assistance

Comprehensive warranty for our products

At Solar Power System, we are committed to providing our customers with the best possible technical support and service. If you have any questions or concerns, please do not hesitate to contact us.

Packing and Shipping:

Packaging and Shipping for Solar Power System:

The solar power system is securely packaged with bubble wrap and foam to ensure that it is not damaged during shipping. The box is then sealed with tape before being placed in a cardboard box for shipment.

The package is labeled clearly with a tracking number and delivery address. The package will be shipped via a reliable and traceable service to ensure that it is delivered to the customer on time.

FAQ:

Q: What is Yahua Lighting's Solar Power System?

A: Yahua Lighting's Solar Power System (Model Number: YHZ-SPS) is a reliable power generation solution that is made in Guangdong, China.

Q: What are the advantages of Yahua Lighting's Solar Power System?

A: Yahua Lighting's Solar Power System provides efficient and clean energy generation, as well as a long service life.

Q: What types of materials are used in Yahua Lighting's Solar Power System?

A: Yahua Lighting's Solar Power System is composed of durable, corrosion-resistant materials.

Q: What is the maximum power output of Yahua Lighting's Solar Power System?

A: Yahua Lighting's Solar Power System has a maximum power output of up to 500 watts.

Q: Does Yahua Lighting's Solar Power System require any maintenance?

A: Yahua Lighting's Solar Power System requires minimal maintenance and is designed to provide reliable service with minimal upkeep.
