Product Description

Product Description:

Our LED Flood Light is a waterproof outdoor floodlight, designed to provide bright, even lighting for squares, farms, schools, parks, stadiums and other outdoor spaces. It has a power of 150w and is available in a range of colour temperatures, from 2700K to 6000K, to suit any lighting needs. It is IP66 rated and has a CRI of >80, ensuring a high quality and vibrant lighting effect. With a lifespan of 50,000 hours, our LED Flood Light is designed to provide reliable, long-term lighting for any outdoor space. It is also energy efficient, with an energy savings of up to 80%, compared to traditional lighting solutions. Plus, its 50000 hours of working time guarantee a long life, so you don't have to worry about replacing it in a few years. Our LED Flood Light is perfect for any outdoor lighting needs!

- Troubleshooting and problem-solving
- Regular maintenance visits
- Replacement parts and accessories
- Assistance with warranty claims

If you need assistance with your LED Flood Light, please contact our technical support and service team at [insert contact info here].

Packing and Shipping:

Packaging and Shipping for LED Flood Light

Our LED Flood Light products are packaged and shipped using the following process:

The LED Flood Light products are carefully packaged with protective material to ensure they are not damaged during shipping.

The product is then placed in a sturdy cardboard box.

The box is then sealed with packing tape and labeled with the product name and shipping address.

The box is then placed in a shipping container for safe transit.

The container is then shipped out via a trusted carrier, such as FedEx or UPS.
