Product Description

Product Description:

The LED Flood Light is an outdoor lighting solution designed to provide high illumination for outdoor settings. It has a total luminous flux of 30000lm, a color rendering index (CRI) of more than 80, and is made of durable aluminum material. It is equipped with rechargeable features and comes in a convenient carton box for easy transport. This High Mast Led Flood Light is perfect for outdoor lighting applications such as lighting up gardens, parks, and other outdoor spaces. It is also suitable for large-scale projects such as lighting up stadiums, large-scale events, and other outdoor venues. The LED Flood Light is a reliable and energy-saving solution for outdoor lighting, providing superior illumination for outdoor spaces.
