Residential Complete Off Grid Solar Energy System For Home Application Solar Panel Kit Power Generator 5KW 10kw

Our Product Introduction

for more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Yahua Lighting
- Certification: MSDS
- Model Number: YHZ-SPS
- Minimum Order Quantity: 1
- Price: USD25-65
- Packaging Details: 540*350*310mm 16.8KG(2pcs machines for one carton, solar panel 675*330*375mm 28KG/5pcs)
- Delivery Time: 25 days for one 20' container
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000Pcs/month

Product Specification

- Waterproof Level: IP65
- Display: LCD Display
- Power: 1000W
- Application: Home/ Commercial/ Industrial
- Type: Solar Power System
- Inverter: Pure Sine Wave
- Battery: Lithium Battery
- Controller: MPPT
- Highlight: Residential Solar Panel Kit IP65,
Pure Sine Wave Off Grid Inverter,
5KW Off Grid Solar Energy System

Product Description

Product Description:

Introducing the Solar Power System, a Solar Photovoltaic Power System that is perfect for fulfilling all your off grid solar energy needs. This system boasts an LCD Display and MPPT controller which allows you to customize the size and lithium battery capacity of the system. The Solar Power System is the best choice for those looking for an efficient and reliable solar energy system.

Features:

Solar Electricity System: LCD Display, MPPT Controller, Working Temperature: -20°C~60°C, Voltage: 12V/24V, Size: Customized

Solar Photovoltaic Power System: LCD Display, MPPT Controller, Working Temperature: -20°C~60°C, Voltage: 12V/24V, Size: Customized

Solar Electricity System: LCD Display, MPPT Controller, Working Temperature: -20°C~60°C, Voltage: 12V/24V, Size: Customized

Technical Parameters:

Parameter	Value
Controller	MPPT
Inverter	Pure Sine Wave
Application	Home/ Commercial/ Industrial
Voltage	12V/24V

Type	Off Grid Solar System/ Solar Energy System/ Solar Power System
Power	1000W
Waterproof Level	IP65
Warranty	10 Years
Working Temperature	-20°C~60°C
Size	Customized

Applications:

Yahua Lighting's YHZ-SPS Solar Power System is an off-grid solar system designed to provide Photovoltaic Electricity System for residential, commercial, and industrial applications. This Solar Photovoltaic Power System uses 1000W of power to generate electricity with a working temperature range of -20°C to 60°C. The controller used is a MPPT, and the minimum order quantity is 1. The product comes with MSDS certification and 10 year warranty. Additionally, it is available for purchase at a price range of USD25-65 per unit and can be delivered to customers within 25 days of ordering one 20' container. Payment options include T/T, Western Union, or MoneyGram, and the supply ability is 1000Pcs/month. The product is packaged with 540*350*310mm 16.8KG(2pcs machines for one carton, solar panel 675*330*375mm 28KG/5pcs).

Customization:

Supply Ability: 1000Pcs/month

Controller: MPPT

Voltage: 12V/24V

Display: LCD Display

Battery: Lithium Battery

Type: Solar Power System

Features: Yahua Lighting Solar Power Generation System is a hybrid solar system that can generate solar power for your home or business. It comes with a MPPT controller, LCD display, Lithium Battery, and 12V/24V voltage. With this system, you can easily monitor your solar power generation and save money on your electricity bills.

Support and Services:

Solar Power System Technical Support and Service

We provide technical support and service for Solar Power System. We offer 24/7 customer service, with professionals available to answer questions and provide assistance. Our team of experts are on hand to offer advice and guidance, helping you make the most of your Solar Power System.

We provide a range of services, including troubleshooting, repairs, maintenance, and upgrades. Our technicians are highly experienced in all aspects of Solar Power System installation and maintenance, and can help ensure your system is operating at peak efficiency.

We also offer remote monitoring and control services, which allow you to stay informed about the status of your Solar Power System from anywhere in the world. Our remote monitoring services provide real-time data about your system, allowing you to quickly identify and address any potential problems.

If you ever need help or have any questions, don't hesitate to contact us. We're here to help, and we look forward to assisting you with your Solar Power System.

Packing and Shipping:

Packaging and Shipping of Solar Power System

The solar power system will be packaged in a cardboard box with foam inserts for added protection.

The box will be labeled with the product name and other relevant information.

The box will be sealed with a tamper-proof tape.

The system will be shipped using a reputable carrier, with tracking information provided upon request.

Shipping insurance can be added for an additional fee.

FAQ:

Q: What is the brand name of the Solar Power System?

A: The brand name of the Solar Power System is Yahua Lighting.

Q: What is the model number of the Solar Power System?

A: The model number of the Solar Power System is YHZ-SPS.

Q: Where is the Solar Power System produced?

A: The Solar Power System is produced in Guangdong, China.

Q: What type of certification does the Solar Power System have?

A: The Solar Power System has MSDS certification.

Q: What is the minimum order quantity for the Solar Power System?

A: The minimum order quantity for the Solar Power System is 1.
