60w 80w 100w 120w Black Sensor Streetlight IP66 Super Thin Integrated Solar Street Light

Our Product Introduction

For more products please visit us on solarledstreet-light.com

Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Model Number: YHZ-SSL
- Minimum Order Quantity: 1
- Price: USD105-249
- Packaging Details: Anti-collision and shatterproof packaging
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 500Pcs/month

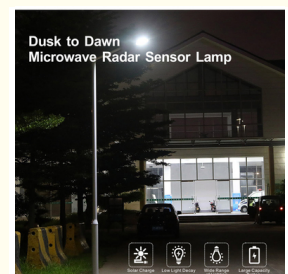

Product Specification

- Working Temperature: -20°C~+60°C
- Light Source: LED
- Solar Panel: Monocrystalline Silicon
- Installation Height: 9-12m
- Luminous Flux: 150-160LM/W
- Power: 150W
- Battery Capacity: 25.6V 32Ah/48Ah
- Material: Aluminum Alloy
- Highlight: 120w Sensor Street Light, IP66 Super Thin Integrated Solar Light, Monocrystalline Silicon Solar Panel Integrated Lamp

Product Description

Product Description:

The Integrated Solar Street Light is a revolutionary new product made with durable aluminum alloy and monocrystalline silicon. It has a color temperature of 6000K and a power output of 150W, making it one of the brightest and most efficient solar lighting systems available. With its integrated solar panel, the solar streetlamp is able to generate 12 hours of light. This makes it perfect for areas that don't have access to electricity, or for those who want to reduce their energy bills and their carbon footprint. The advanced design of the Integrated Solar Street Light makes it the perfect choice for those who want to light up homes, gardens, streets, and more.

EXPLODED VIEW

Yahua Lighting

Features:

Product Name: Integrated Solar Street Light

Sensing Distance: 20-25m

Lighting Angle: 140°

Luminous Flux: 150-160LM/W

Solar Panel: Monocrystalline Silicon

Light Source: LED

Features: **All-in-one Solar Lamp. Integrated Solar Streetlamp. Integrated Solar Street Light**

Advantages:

1. Up to 20-22% electric conversion, Faster charging, Not afraid of rainy days.
2. Light up automatically. Save power.
3. Integrated Design, Die casting Aluminum housing.
4. Photocell control+Motion sensor control+Remote control.
6. Support 4-5 rainy days after full charging.
7. Easy to install and Auto on/off/sensor.

Technical Parameters:

Parameter	Details
Power	120W
Sensing Distance	20-25m
Battery Capacity	25.6V 32Ah/48Ah
Luminous Flux	150-160LM/W

Color Temperature	6000K
Material	Die-cast Aluminum
Solar Panel	Monocrystalline Silicon
Installation Height	9-12m
Lighting Angle	140°
Waterproof Level	IP66

Applications:

Yahua Lighting's Integrated Solar Street Light is a perfect solar-powered outdoor light for illuminating roads, pathways, parking lots, and other exterior areas. This solar-powered street lamp is equipped with a 150W monocrystalline silicon solar panel, providing up to 150-160LM/W of luminous flux and with a sensing distance of 20-25m. It is CE IP65 ROHS ISO certified and has a waterproof level of IP65, making it ideal for use in any outdoor environment. The anti-collision and shatterproof packaging ensures safe delivery and the minimum order quantity is just 1. Prices range from USD105-249 and Yahua Lighting is able to supply 500Pcs/month. Payment can be made via T/T, Western Union, or MoneyGram. Delivery time is 5-8 days.

Customization:

Yahua Lighting provides custom services for Integrated Solar Street Light with Brand Name Yahua Lighting, Model Number YHZ-SSL, Place of Origin China, Certification CE IP65 ROHS ISO, Minimum Order Quantity 1, Price USD105-249, Packaging Details Anti-collision and shatterproof packaging, Delivery Time 5-8 days, Payment Terms T/T, Western Union, MoneyGram, Supply Ability 500Pcs/month, Lighting Angle 140°, Voltage 25.6V, Sensing Distance 20-25m, Light Source LED, Waterproof Level IP65. We have extensive experience in the field of Integrated Solar Outdoor Light, Intergrated Solar Lighting System and Integrated Solar Street Lighting System.

Support and Services:

Integrated Solar Street Light Technical Support and Service

We provide technical support and comprehensive service for our Integrated Solar Street Light products. Our technical support includes:

24/7 telephone and online support

Remote assistance for troubleshooting

On-site technical assistance

Regular maintenance and repairs

Software and firmware updates

Our comprehensive service includes:

Installation and commissioning

Planning and design

Consulting and training

Warranty and after-sales service

Packing and Shipping:

Integrated Solar Street Light Packaging and Shipping:

The solar street lights are individually boxed, available in a variety of sizes.

Each box includes all of the necessary components for a complete installation.

The boxes are made of strong cardboard and are clearly labelled.

The boxes are shrink-wrapped to protect against dust and moisture.

The lights are shipped via ground transport, and expedited shipping is available upon request.

FAQ:

Q:What is the brand name of the Integrated Solar Street Light?

A:The brand name of the Integrated Solar Street Light is Yahua Lighting.

Q:What is the model number of the Integrated Solar Street Light?

A:The model number of the Integrated Solar Street Light is YHZ-SSL.

Q:Where is the Integrated Solar Street Light produced?

A:The Integrated Solar Street Light is produced in China.

Q:What certifications does the Integrated Solar Street Light have?

A:The Integrated Solar Street Light has CE IP65 ROHS ISO certifications.

Q:What is the minimum order quantity for the Integrated Solar Street Light?

A:The minimum order quantity for the Integrated Solar Street Light is 1.
