### Basic Information

- Place of Origin: China
- Brand Name: Yahua lighting
- Certification: CE, RoHS, IP65, ISO9001
- Model Number: YHZ-HBL
- Minimum Order Quantity: 1
- Price: USD19-49
- Packaging Details: Foam + carton plus + wooden case
- Delivery Time: 3-7days
- Payment Terms: T/T, Wester union, Paypal, Credit Card
- Supply Ability: 8000PCS/Month

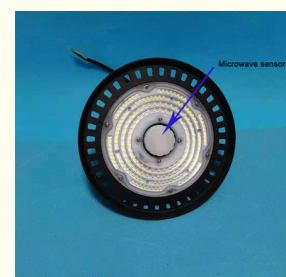

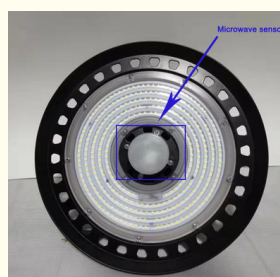

### Product Specification

- Color Temperature: 3000K/4000K/5000K/6000K
- Reflector: Aluminum/PC
- Application: Gym, Shop, Factory, Stadium, Commercial Etc
- Luminous Flux: 140-150lm/w
- Working Temperature(°C): -30-60
- Warranty: 3Year/5Years
- Light Source: LED Brand Chips
- Input Voltage: AC100-277V/ AC85-265V/ AC100-305V
- Highlight: 150lm/W Industrial LED High Bay Lighting, PC Reflector LED High Bay Lighting, LED High Bay Light IP66

## Product Description

### Product Description:

#### LED High Bay Light

The LED High Bay Light is a top-of-the-line indoor lighting fixture that provides bright and efficient illumination for warehouses, factories, workshops, and other large spaces. With a luminous flux of 140-150lm/w, it is one of the most energy-efficient high bay lights on the market. Its superior performance and durability make it a hot sale product in the industrial lighting industry.

#### Superior Illumination

The LED High Bay Light boasts a wide beam angle of 60/90/120°, providing a broad and even distribution of light. This ensures that every corner of your space is adequately lit, eliminating dark spots and shadows. The high-quality LED chips used in this light produce a color temperature of 3000K/4000K/5000K/6000K, offering a range of options to suit your specific lighting needs.

High-Quality Materials

The reflector of the LED High Bay Light is made of either aluminum or PC, both of which are known for their durability and heat resistance. The aluminum reflector offers a high level of heat dissipation, making it ideal for use in hot environments. On the other hand, the PC reflector is shatterproof and provides excellent protection against impacts, making it perfect for use in rugged and demanding environments.

Sleek and Modern Design

The LED High Bay Light is available in three color options: white, dark, and grey. Its sleek and modern design makes it a perfect fit for any interior space, adding a touch of sophistication to any facility. Its compact and lightweight design also makes it easy to install and maintain, saving you time and effort.

Waterproof and Dustproof

The LED High Bay Light is designed to withstand the elements, making it suitable for both indoor and outdoor use. It is IP65 rated, which means it is waterproof and dustproof, ensuring its long-lasting performance even in harsh environments. This makes it an ideal lighting solution for warehouses and other industrial settings.

Efficient and Cost-Effective

The LED High Bay Light is not only energy-efficient but also cost-effective. Its high luminous flux and long lifespan mean that it consumes less energy and requires minimal maintenance, saving you money on your electricity bill and replacement costs. It is a smart investment for any business looking to reduce its energy consumption and save on lighting costs.

Experience the best in industrial lighting with the LED High Bay Light. With its superior illumination, high-quality materials, modern design, and cost-effectiveness, it is the perfect solution for all your high bay lighting needs. Don't wait any longer, upgrade to our 5000K LED high bay lights and see the difference for yourself!

Features:

- Product Name: LED High Bay Light
- Warranty: 3Year/5Years
- Material: Aluminum
- Working Temperature(°C): -30-60
- Color: White/Dark/Grey
- Lifespan: 50,000hrs
- Made in Guangdong, China
- Industrial LED flood light fixtures
- 5000K LED highbay Lights for warehouse

- Certification: CE, RoHS, IP65, ISO9001
- Minimum Order Quantity: 1
- Price: USD19-49

**Packaging Details:** Foam + carton plus + wooden case

**Delivery Time:** 3-7 days

**Payment Terms:** T/T, Western Union, Paypal, Credit Card

**Supply Ability:** 8000 PCS/Month

**Light Source:** LED Brand Chips

**Input Voltage:** AC100-277V/ AC85-265V/ AC100-305V

**Color:** White/Dark/Grey

**Color Temperature:** 3000K/4000K/5000K/6000K

**Working Temperature(°C):** -30-60

With these top-of-the-line attributes, our LED High Bay Light is guaranteed to provide exceptional performance and efficiency. Application and Scene

Our LED High Bay Light is versatile and suitable for a wide range of industrial and commercial applications, including:

Warehouses

Manufacturing plants

Gyms and sports facilities

Retail stores

Exhibition halls

Airports

And more!

With its powerful and bright lighting, our LED High Bay Light is perfect for illuminating large spaces and providing an optimal working environment. It is also suitable for outdoor use as it is IP65 certified, ensuring protection against dust and water.

Here are some possible scenes where our LED High Bay Light can be used:

In a warehouse, providing bright and efficient lighting for workers to easily identify and handle goods.

In a manufacturing plant, illuminating work areas to ensure maximum productivity and safety.

In a retail store, showcasing products in their best light and creating a welcoming atmosphere for customers.

In an exhibition hall, highlighting exhibits and creating a visually appealing space for visitors.

In a gym or sports facility, providing bright and even lighting for athletes to perform at their best.

In an airport, lighting up runways and providing guidance for pilots during take-off and landing.

Why Choose Yahua Lighting's LED High Bay Light?

There are many reasons why our LED High Bay Light is the top choice for businesses and organizations:

**5 Years Warranty:** We stand behind the quality and performance of our product and offer a 5-year warranty for our LED High Bay Light.

**Good Performance LED Spotlight:** Our LED High Bay Light is powered by top brand LED chips, ensuring bright and efficient lighting with low energy consumption.

**LED High Bay Light Manufacture:** As a leading LED lighting manufacturer in China, we have extensive experience and advanced technology in producing high-quality LED lights.

Don't settle for subpar lighting solutions for your industrial and commercial spaces. Choose Yahua Lighting's LED High Bay Light for superior quality, efficiency, and performance. Contact us today for more information or to place an order!

### **Customization:**

Customized Service for LED High Bay Light

Brand Name: Yahua Lighting

Product Description:

The LED High Bay Light from Yahua Lighting is the perfect solution for high lumen and waterproof lighting needs. This hot sale high bay light is suitable for indoor use, making it ideal for warehouses, factories, and other industrial spaces.

It is available in various wattages ranging from 60W to 400W, providing a wide range of options to choose from. The light is also IP65/IP66 rated, ensuring protection against dust and water ingress. The reflector options of aluminum or PC offer efficient light distribution, making it a highly functional lighting solution.

With a minimum order quantity of 1 unit, this LED High Bay Light is suitable for both small and large scale projects. It is also competitively priced between USD19-49, making it a cost-effective choice for customers. The light comes with a durable packaging of foam, carton, and wooden case, ensuring safe delivery to its destination.

Yahua Lighting offers fast delivery within 3-7 days and flexible payment options including T/T, Western Union, Paypal, and Credit Card, making it convenient for customers to purchase this product.

The LED High Bay Light also comes with a long warranty period of 3-5 years, providing customers with peace of mind and assurance of its quality. With a wide working temperature range of -30 to 60 degrees Celsius, this light can withstand various environmental conditions.

## **Support and Services:**

LED High Bay Light

Technical Support and Services

At LED High Bay Light, we are committed to providing exceptional technical support and services to our customers. Our team of highly skilled technicians and engineers are dedicated to ensuring that our products meet the highest standards of quality and performance.

Technical Support

Our technical support team is available to assist with any inquiries or issues related to our LED high bay lights. We offer comprehensive troubleshooting and problem-solving services to ensure that our customers experience minimal downtime. Our technical support is available via phone, email, and live chat to provide prompt and efficient assistance.

Customization Services

We understand that every project is unique and may require specific lighting solutions. That's why we offer customization services to meet the specific needs of our customers. Our team of experts can work with you to create a customized LED high bay light that meets your exact specifications, ensuring optimal performance and energy efficiency.

Warranty

All our LED high bay lights come with a comprehensive warranty to ensure our customers' peace of mind. Our warranty covers any defects in materials or workmanship for a specified period from the date of purchase. If you encounter any issues with your LED high bay lights during the warranty period, our team will provide prompt repairs or replacements at no additional cost.

Maintenance and Repair Services

We offer maintenance and repair services to ensure that your LED high bay lights continue to operate at their best. Our technicians are trained to identify and resolve any issues that may arise, ensuring that your lights perform at optimal levels. We also offer regular maintenance services to prevent potential problems and extend the lifespan of your LED high bay lights. Choose LED High Bay Light for top-notch technical support and services. Contact us today to learn more.

## **Packing and Shipping:**

Packaging and Shipping

Thank you for purchasing the LED High Bay Light! Here are some important information regarding the packaging and shipping of your product:

Packaging:

The LED High Bay Light will be carefully packaged to ensure safe delivery. Each light will be individually wrapped in protective material and placed in a sturdy box. The box will be sealed to prevent any damage during transportation.

Shipping:

We offer worldwide shipping for our LED High Bay Light. Our standard shipping method is through reputable courier services, such as DHL, UPS, and FedEx. The estimated delivery time will vary depending on your location, but typically takes 5-7 business days. We also offer expedited shipping options for an additional fee.

Before shipping, our quality control team will conduct a thorough inspection of the product to ensure it meets our high standards. In the unlikely event that your product arrives damaged or defective, please contact our customer service team immediately for assistance.

Once your order has been shipped, you will receive a tracking number via email so you can track your package's progress. Please note that any customs fees or taxes incurred during shipping are the responsibility of the customer.

Thank you again for choosing our LED High Bay Light. We hope it will provide you with bright and efficient lighting for your space.
