

Dependable Solar Electricity System With Digital Pure Sine Wave Inverter

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Yahua Lighting
- Certification: MSDS
- Model Number: YHZ-SPS
- Minimum Order Quantity: 1
- Price: USD25-65
- Packaging Details: 540*350*310mm 16.8KG(2pcs machines for one carton, solar panel 675*330*375mm 28KG/5pcs)
- Delivery Time: 25 days for one 20' container
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000Pcs/month

Product Specification

- Working Temperature: -20°C~60°C
- Type: Solar Power System
- Power: 1000W
- Inverter: Pure Sine Wave
- Waterproof Level: IP65
- Battery: Lithium Battery
- Display: LCD Display
- Size: Customized
- Highlight: Customized Solar Power System 24V,
Dependable Solar Electricity System,
LCD Display Solar Electricity System 1000W

Product Description

Product Description:

Solar Power System is a photovoltaic electricity system that can generate and store electricity for residential, commercial, and industrial use. It is designed with a voltage of 12V/24V, an LCD display, customized size, and 1000W of power. It can work in a wide range of temperatures from -20°C to 60°C. It can provide a reliable source of solar electricity, making it an ideal choice for those looking for an environmentally friendly and cost-effective way to generate electricity. Solar Power System is also highly efficient, meaning you can get more out of your solar electricity system than ever before. With this system, you can significantly reduce your energy bills while still enjoying a reliable, clean source of energy.

Features:

Product Name: Solar Power System

Controller: MPPT

Size: Customized

Display: LCD Display

Battery: Lithium Battery

Application: Home/ Commercial/ Industrial

Solar Power Generation System

Solar Electrical System

Photovoltaic Electricity System

Technical Parameters:

Parameter	Details
Type	Solar Power System
Voltage	12V/24V
Size	Customized
Controller	MPPT
Working Temperature	-20°C~60°C
Power	1000W
Inverter	Pure Sine Wave
Battery	Lithium Battery
Waterproof Level	IP65
Warranty	10 Years

Applications:

Yahua Lighting's YHZ-SPS Solar Power System is a revolutionary hybrid solar system that provides a great off-grid solar system solution. This Photovoltaic Electricity System is certified by MSDS, and the minimum order quantity is 1. It is available for a price range of USD25-65 and comes with a 10-year warranty. The power rating is 1000W and the voltage is 12V/24V. The controller is an MPPT. The product's packaging size is 540*350*310mm and it weighs 16.8KG (2pcs machines for one carton, solar panel 675*330*375mm 28KG/5pcs). The delivery time for one 20' container is 25 days and the payment terms are T/T, Western Union, MoneyGram. The supply ability is 1000Pcs/month.

Customization:

Solar Power System

Supply Ability: 1000Pcs/month

Battery: Lithium Battery

Display: LCD Display

Application: Home/ Commercial/ Industrial
Inverter: Pure Sine Wave
Power: 1000W
Special Features:
Solar Photovoltaic Electricity System
Hybrid solar system
Solar Power Generation System

Support and Services:

Solar Power System Technical Support and Service

Provide free technical support services 24 hours a day, 7 days a week

Provide free online troubleshooting and technical advice

Provide free system upgrades and maintenance service

Provide free on-site technical training and installation services

Provide free system monitoring and repair services

Provide free parts replacement services

Provide free hardware and software maintenance services

Packing and Shipping:

Packaging and Shipping of Solar Power System

Solar power systems are designed to be robust and efficient. The packaging and shipping of solar power systems must be done with great care and precision.

Packaging

To ensure the safety of the solar power system during transportation, the system must be properly packaged. All components must be individually wrapped in shock-absorbing materials such as bubble wrap or foam. The electrical wiring should be secured and labeled for easy identification. The entire system must be placed in a sturdy box or crate for protection.

Shipping

Solar power systems can be safely shipped by air, ground, or sea. When shipping by air, the box or crate must be marked as hazardous material or hazardous equipment. When shipping by ground, the box or crate should be secured with straps to ensure it does not shift during transport. When shipping by sea, the box or crate must be waterproof and properly secured to the ship.

FAQ:

Solar Power System

Q: What is the brand name of this solar power system?

A: The brand name is Yahua Lighting.

Q: What is the model number of this solar power system?

A: The model number is YHZ-SPS.

Q: Where is the solar power system produced?

A: It is produced in Guangdong, China.

Q: What is the minimum order quantity?

A: The minimum order quantity is 1.

Q: What is the price range of this solar power system?

A: The price range is USD25-65.
