## Product Description

### Product Description:

LED Flood Light

The LED Flood Light is a high-performance outdoor lighting solution that offers a long lifespan, high luminous flux, and energy-saving features. Made with durable aluminum material, this waterproof floodlight is designed to withstand outdoor weather conditions and provide reliable lighting for outdoor spaces.

Working Time (hours): 50000

Material: Aluminum

Lifespan: 50,000hrs

Luminous Flux: 30000lm

Package: Carton Box

Waterproof and Durable

The LED Flood Light is designed for outdoor use and is IP65 waterproof, ensuring that it can withstand rain, snow, and other harsh weather conditions. The aluminum material used in its construction also makes it durable and resistant to rust and corrosion, ensuring a longer lifespan for the product.

High Luminous Flux

With a luminous flux of 30000lm, the LED Flood Light provides bright and powerful lighting for outdoor spaces. This makes it ideal for lighting up large areas such as parks, sports fields, and parking lots.

Long Lifespan

The LED Flood Light has a lifespan of 50,000 hours, which means it can provide reliable lighting for many years without needing frequent replacements. This makes it a cost-effective and low-maintenance lighting solution for outdoor spaces.

Energy-saving

Compared to traditional floodlights, the LED Flood Light is energy-efficient and can help reduce energy costs. With its high luminous flux and low power consumption, it provides bright lighting while also saving on energy usage.

Easy Installation

The LED Flood Light is designed for easy installation, making it convenient for both professionals and DIY enthusiasts. It comes with a carton box package, which includes all the necessary components for installation.

Choose the LED Flood Light for a reliable, durable, and energy-efficient outdoor lighting solution. Its high luminous flux and long lifespan make it an ideal choice for various outdoor spaces, while its waterproof and easy installation features make it a hassle-free option for any outdoor setting.

## Packing and Shipping:

Packaging and Shipping for LED Flood Light

Our LED Flood Light is made with the highest quality materials and is carefully packaged to ensure safe delivery to our customers. Below is a description of our packaging and shipping process:

Packaging:

Each LED Flood Light is individually packaged in a sturdy cardboard box to protect it from any damage during transportation. The box is designed to withstand rough handling and prevent any breakage or scratches. Inside the box, the light is wrapped in bubble wrap for additional protection.

We also take special care to ensure that all components and accessories are securely placed inside the box to prevent any damage during shipping.

Shipping:

Our LED Flood Light is shipped using a reputable courier service to ensure timely and safe delivery. We offer both standard and express shipping options to cater to our customers' needs.

For standard shipping, the estimated delivery time is between 5-7 business days, depending on the destination. If you need your LED Flood Light sooner, we also offer express shipping with a delivery time of 2-3 business days.

Once your order has been shipped, you will receive a tracking number via email so you can track your package's status and estimated delivery date.

At LED Flood Light, we take pride in providing our customers with high-quality products and exceptional service. Our packaging and shipping process reflects our commitment to ensuring your product arrives in perfect condition.
