

## 140° Lighting Angle Integrated Solar Street Light With 150-160LM/W Luminous Flux

### Our Product Introduction

For more products please visit us on [solarledstreet-light.com](http://solarledstreet-light.com)

#### Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Packaging Details: Anti-collision and shatterproof packaging
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 500Pcs/month

#### Product Specification

- Lighting Time: More Than 12 Hours
- Light Source: LED
- Lighting Angle: 140°
- Voltage: 25.6V
- Installation Height: 9-12m
- Sensing Distance: 20-25m
- Warranty: 3 Years
- Battery Capacity: 25.6V 32Ah/48Ah
- Highlight: **160LM/W Integrated Solar Street Light ,  
Intelligent Integrated Solar Street Light**

## Product Description

### Product Description:

Integrated Solar Street Light

Product Overview

The Integrated Solar Street Light is a revolutionary outdoor lighting solution that combines high efficiency solar panels, long lifespan lithium batteries, and intelligent control systems to provide reliable and cost-effective lighting for a wide range of applications. With a sleek and modern design, this solar-powered light is not only energy efficient but also environmentally friendly.

Key Features

Warranty: 3 Years

Lighting Angle: 140°

Luminous Flux: 150-160LM/W

Power: 80-200W

Color Temperature: 6000K

Product Attributes

Integrated Solar Lighting

The Integrated Solar Street Light features integrated solar panels, batteries, and control systems, eliminating the need for external power sources and complicated wiring. This makes it an ideal solution for areas with limited access to electricity.

Solar Powered Outdoor Light

With high-efficiency solar panels, the Integrated Solar Street Light converts sunlight into electricity, providing reliable and sustainable lighting for outdoor spaces.

Energy Efficient

The use of solar energy makes the Integrated Solar Street Light highly energy efficient, reducing electricity costs and carbon footprint.

Long Lifespan

Equipped with high-quality lithium batteries and durable LED lights, the Integrated Solar Street Light has a long lifespan of up to 10 years, requiring minimal maintenance.

Intelligent Control

The Integrated Solar Street Light is equipped with an intelligent control system that automatically adjusts the lighting according to the surrounding environment, maximizing energy efficiency and minimizing waste.

Environmental Friendly

As a solar-powered lighting solution, the Integrated Solar Street Light does not emit any harmful substances, making it an environmentally friendly choice for outdoor lighting.

Easy Installation

The Integrated Solar Street Light is designed for easy installation, without the need for complicated wiring or external power sources. This makes it suitable for a wide range of outdoor applications, such as streets, parks, and parking lots.

Durable

Constructed with high-quality materials, the Integrated Solar Street Light is weather-resistant and can withstand harsh outdoor conditions, ensuring its durability and reliability.

High Luminous Efficiency

The Integrated Solar Street Light has a high luminous efficiency of 150-160LM/W, providing bright and uniform lighting for outdoor areas.

Wide Application

With its versatile design and reliable performance, the Integrated Solar Street Light is suitable for a wide range of outdoor applications, including streets, parks, plazas, and more.

### Features:

Product Name: Integrated Solar Street Light

Material: Aluminum Alloy

Waterproof Level: IP65

Sensing Distance: 20-25m

Lighting Time: More Than 12 Hours

Color Temperature: 6000K

Solar Powered Street Lamp

Integrated Solar Lighting

Integrated Solar Street Light

High Efficiency

Durable

Waterproof

Long Sensing Distance

Long Lighting Time

Bright White Light

### Technical Parameters:

Product Name	Integrated Solar Street Light
--------------	-------------------------------

Color Temperature	6000K
Solar Panel	Monocrystalline Silicon
Warranty	3 Years
Material	Aluminum Alloy
Light Source	LED
Lighting Angle	140°
Power	80-200W
Lighting Time	More Than 12 Hours
Installation Height	9-12m
Luminous Flux	150-160LM/W
Product Keywords	Integrated Solar Outdoor Light, Solar Powered Street Lamp, Integrated Solar Streetlamp

## Applications:

Integrated Solar Street Light

The Integrated Solar Street Light is a revolutionary lighting solution that combines high quality, energy efficient LED lights with advanced solar technology. This innovative product is designed to provide bright and reliable lighting for outdoor areas without the need for traditional electricity sources. With its easy installation, long lifespan and wide application, the Integrated Solar Street Light is the perfect choice for any outdoor lighting needs.

Product Attributes:

Brand Name: Yahua Lighting

Place of Origin: China

Certification: CE, IP65, ROHS, ISO

Packaging Details: Anti-collision and shatterproof packaging

Delivery Time: 5-8 days

Payment Terms: T/T, Western Union, MoneyGram

Supply Ability: 500Pcs/month

Sensing Distance: 20-25m

Lighting Angle: 140°

Luminous Flux: 150-160LM/W

Material: Aluminum Alloy

Voltage: 25.6V

Key Words: Integrated Solar Street Lighting, Integrated Solar Street Light, Integrated Solar Lighting System, Energy Saving, Environmental Protection, High Quality, Long Lifespan, Easy Installation, Wide Application

## Packing and Shipping:

Packaging and Shipping - Integrated Solar Street Light

Integrated Solar Street Light is carefully packaged to ensure safe delivery to our customers. The packaging materials we use are durable and environmentally friendly, providing protection during transportation and handling.

Packaging Details:

Inner packaging: foam and bubble wrap to protect the solar panels and battery

Outer packaging: strong cardboard box with reinforced edges

Customized packaging is also available upon request

Shipping Options:

We offer various shipping options to meet our customers' needs and budget:

By sea (recommended for bulk orders)

By air (recommended for urgent orders)

By express (DHL, UPS, FedEx, etc.)

Our dedicated logistics team will work closely with our customers to ensure timely and safe delivery of the Integrated Solar Street Light.

For more information about our packaging and shipping options, please contact us at [info@integratedsolarstreetlight.com](mailto:info@integratedsolarstreetlight.com).

## FAQ:

**Q: What is the brand of this product?**

A: The brand name of this product is Yahua Lighting.

**Q: Where is this product made?**

A: This product is made in China.

**Q: What certifications does this product have?**

A: This product is certified with CE, IP65, ROHS, and ISO.

**Q: How is this product packaged?**

A: This product is packaged with anti-collision and shatterproof materials to ensure safe delivery.

**Q: What is the delivery time for this product?**

A: The delivery time for this product is 5-8 days.

**Q: What are the payment terms for this product?**

A: The payment terms for this product include T/T, Western Union, and MoneyGram.

**Q: What is the supply ability for this product?**

A: The supply ability for this product is 500 pieces per month.
