## 150-160LM/W Luminous Flux Integrated Solar Street Light IP65 Waterproof Level 80-200W

Our Product Introduction

For more products please visit us on [solarledstreet-light.com](http://solarledstreet-light.com)

### Basic Information

- Place of Origin: China
- Brand Name: Yahua Lighting
- Certification: CE IP65 ROHS ISO
- Packaging Details: Anti-collision and shatterproof packaging
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 500Pcs/month

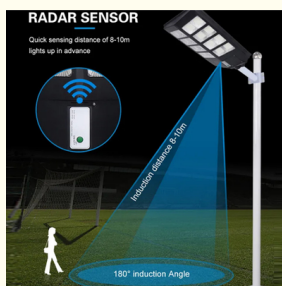

### Product Specification

- Power: 80-200W
- Solar Panel: Monocrystalline Silicon
- Color Temperature: 6000K
- Light Source: LED
- Sensing Distance: 20-25m
- Installation Height: 9-12m
- Battery Capacity: 25.6V 32Ah/48Ah
- Luminous Flux: 150-160LM/W
- Highlight: IP65 Integrated Solar Street Light,  
200W Integrated Solar Street Light,  
Waterproof Integrated Solar Street Light

## Product Description

### Product Description:

#### Product Overview

The Integrated Solar Street Light is a revolutionary product that combines the power of solar energy and advanced lighting technology to provide a sustainable and efficient outdoor lighting solution. This product is designed to be installed at a height of 9-12m, making it ideal for street lighting, pathway lighting, parking lot lighting, and other outdoor applications.

#### Key Features:

Installation Height: 9-12m

Working Temperature: -20°C~+60°C

Lighting Angle: 140°

Warranty: 3 Years

Waterproof Level: IP65

Integrated Solar Lighting

The Integrated Solar Street Light is a complete solar lighting system that includes all the necessary components for efficient and reliable outdoor lighting. It features a high-efficiency solar panel, long-lasting lithium-ion battery, advanced LED light source, and intelligent controller. These components work together to harness the power of the sun and provide bright and uniform lighting, even in the most remote areas.

#### Integrated Solar Lighting System

The Integrated Solar Street Light is a self-contained lighting system that does not require any external power supply or wiring. This makes it easy to install and eliminates the need for additional equipment. The solar panel converts sunlight into electricity, which is then stored in the battery. The intelligent controller ensures that the battery is charged during the day and automatically turns on the light at night.

#### Integrated Solar Outdoor Light

The Integrated Solar Street Light is designed for outdoor use and is built to withstand harsh weather conditions. With a waterproof level of IP65, it is protected against dust, rain, and snow, making it suitable for use in all seasons. The 140° lighting angle provides a wider coverage area, ensuring that every corner is well-lit.

With a 3-year warranty, you can trust the Integrated Solar Street Light to provide reliable and long-lasting lighting for your outdoor spaces. Experience the convenience, energy efficiency, and cost savings of this innovative product today!

### Features:

Product Name: Integrated Solar Street Light

Battery Capacity: 25.6V 32Ah/48Ah

Sensing Distance: 20-25m

Luminous Flux: 150-160LM/W

Warranty: 3 Years

Installation Height: 9-12m

Integrated Solar Outdoor Light

Energy-saving and Environmentally friendly

High-efficiency Solar Panel

Motion Sensor Technology

Long-lasting Battery Life

Easy Installation and Maintenance

Multiple Lighting Modes

Waterproof and Durable Design

Integrated Solar Streetlamp

Wide Application Range

Cost-effective Solution for Street Lighting

### Technical Parameters:

Product Name	Integrated Solar Street Light
Solar Powered Street Lamp	All-in-one Solar Lamp
Voltage	25.6V
Working Temperature	-20°C~+60°C
Lighting Time	More Than 12 Hours
Luminous Flux	150-160LM/W
Warranty	3 Years
Lighting Angle	140°
Battery Capacity	25.6V 32Ah/48Ah

Solar Panel	Monocrystalline Silicon
Sensing Distance	20-25m
Waterproof Level	IP65

### Applications:

Integrated Solar Street Light - Yahua Lighting

The Integrated Solar Street Light, designed and manufactured by Yahua Lighting, is an advanced and eco-friendly solution for outdoor lighting. It is a combination of solar panel, battery, charge controller, LED lamp, and pole, all integrated into one compact unit. Our product is proudly made in China and meets international standards, with certifications including CE, IP65, ROHS, and ISO.

Product Attributes

- Solar Powered Street Lamp
- Integrated Solar Streetlamp
- Intergrated Solar Lighting System
- Energy Saving
- Environmental Friendly
- High Quality
- Easy Installation
- Long Lifespan
- Application

The Integrated Solar Street Light is suitable for a variety of outdoor lighting needs, including:

- Street lighting
- Parking lot lighting
- Park lighting
- Pathway lighting
- Campus lighting
- Residential area lighting
- Rural road lighting
- And more

With its high quality and energy-saving features, our product is also ideal for government projects, street light retrofitting, and green energy initiatives.

Product Features

- The Integrated Solar Street Light from Yahua Lighting offers the following advantages:
- Powered by solar energy, no need for external power source
  - Environmental friendly and reduces carbon footprint
  - High quality, with reliable performance and long lifespan
  - Easy installation, no need for complex wiring
  - Intelligent control system, with automatic on/off and dimming functions
  - Adjustable lighting angle, providing a wider range of illumination
  - Anti-collision and shatterproof packaging for safe delivery
  - More than 12 hours of lighting time, ensuring continuous illumination throughout the night
  - LED light source with high luminous flux of 150-160LM/W, providing bright and energy-efficient lighting
  - Available in power options of 80-200W, suitable for various lighting needs

Specifications

Brand Name	Yahua Lighting
Place of Origin	China
Certification	CE, IP65, ROHS, ISO
Packaging Details	Anti-collision and shatterproof packaging
Delivery Time	5-8 days
Payment Terms	T/T, Western Union, MoneyGram
Supply Ability	500Pcs/month
Lighting Time	More Than 12 Hours
Light Source	LED
Power	80-200W
Luminous Flux	150-160LM/W
Lighting Angle	140°

For more information and inquiries about our Integrated Solar Street Light, please contact us at [insert contact information]. We are dedicated to providing high quality, environmentally friendly and energy-saving solutions for outdoor lighting needs. Trust Yahua Lighting for your integrated solar lighting system and let us help you light up your world.

### Packing and Shipping:

#### Packaging and Shipping for Integrated Solar Street Light

The Integrated Solar Street Light will be properly packaged and shipped to ensure safe delivery to your location. Here is the breakdown of the packaging and shipping process:

##### Packaging:

The solar panels and battery will be carefully packed in individual boxes to prevent any damage during transportation.

The pole and lamp head will be disassembled and packed in separate boxes to ensure safe handling.

All necessary screws and installation tools will be included in the packaging.

The packaging will be labeled with clear instructions and handling precautions.

##### Shipping:

The Integrated Solar Street Light will be shipped via a reliable and trusted shipping service.

The shipping cost will be calculated based on the destination and weight of the package.

The estimated delivery time will be provided upon purchase.

Tracking information will be provided so you can monitor the status of your shipment.

With our careful packaging and reliable shipping, you can have peace of mind knowing that your Integrated Solar Street Light will arrive safely and ready for installation.

## FAQ:

### Q: What is the brand of this product?

A: The brand of this product is Yahua Lighting.

### Q: Where is this product made?

A: This product is made in China.

### Q: What certifications does this product have?

A: This product is certified with CE, IP65, ROHS, and ISO.

### Q: How is this product packaged?

A: This product is packaged with anti-collision and shatterproof materials.

### Q: What is the estimated delivery time?

A: The estimated delivery time is 5-8 days.

### Q: What are the accepted payment methods?

A: The accepted payment methods are T/T, Western Union, and MoneyGram.

### Q: What is the supply ability of this product?

A: The supply ability of this product is 500 pieces per month.
