Product Description

Features:

1. Premium Construction: Crafted using top-of-the-line die-cast aluminum, the Dual-Head Solar Street Light showcases an exquisite and sophisticated design. It undergoes a meticulous oxidation treatment, ensuring exceptional resistance to high temperatures and impacts, while effectively combating corrosion.

2. Intelligent Power Management: The light integrates intelligent power management, automatically adapting discharge protocols based on prevailing weather conditions, thus optimizing its overall performance.

3. Advanced Remote Control: Featuring cutting-edge UVA technology, the light boasts advanced remote control capabilities, surpassing obstacles effortlessly. It offers four distinct lighting modes, an adjustable brightness function, and a range of additional features.

4. Enhanced Brightness and Extensive Coverage: Delivering an impressive lamp brightness of 170LM/W, more than double the average brightness of standard LED sources, the light illuminates surroundings with unparalleled brilliance. Its wide 140-degree viewing angle ensures extensive coverage, effectively lighting up larger areas.
