## Product Description

### Features:

1. Ingress Protection: The LED Street Luminaire boasts an IP67 rating, guaranteeing its resilience against dust and water intrusion. It is meticulously engineered to withstand a wide range of challenging outdoor conditions.
2. Power Input: Designed to operate within an input voltage range of AC 85V-265V ( $\pm 10\%$ ), this luminaire offers versatility and compatibility with various power sources, accommodating diverse electrical configurations.
3. Battery Life: The IP65-rated LED Street Luminaire is equipped with a robust battery boasting a lifespan of 3 years. This ensures prolonged and dependable performance without the need for frequent battery replacements.
4. Service Life: With an impressive service life of 50,000 hours, this LED Street Luminaire provides a durable lighting solution, effectively reducing maintenance and replacement costs over time.
5. Material Composition: Crafted from premium aluminum alloy, the LED Street Luminaire guarantees exceptional durability and efficient heat dissipation. This choice of materials enhances the luminaire's longevity, ensuring optimal performance even in demanding conditions.

Product Name	LED street light
